The New Human Rights Movement Peter Joseph,2017-03-21 Society is broken We can design our way to a better one In our interconnected world self interest and social interest are rapidly becoming indistinguishable If current negative trajectories remain including growing climate destabilization biodiversity loss and economic inequality an impending future of ecological collapse and societal destabilization will make personal success virtually meaningless Yet our broken social system incentivizes behavior that will only make our problems worse If true human rights progress is to be achieved today it is time we dig deeper rethinking the very foundation of our social system In this engaging important work Peter Joseph founder of the world s largest grassroots social movement The Zeitgeist Movement draws from economics history philosophy and modern public health research to present a bold case for rethinking activism in the 21st century Arguing against the long standing narrative of universal scarcity and other pervasive myths that defend the current state of affairs The New Human Rights Movement illuminates the structural causes of poverty social oppression and the ongoing degradation of public health and ultimately presents the case for an updated economic approach Joseph explores the potential of this grand shift and how we can design our way to a world where the human family has become truly sustainable The New Human Rights Movement reveals the critical importance of a unified activism working to overcome the inherent injustice of our system This book warns against what is in store if we continue to ignore the flaws of our socioeconomic approach while also revealing the bright and expansive future possible if we succeed Will you join the movement

Are We Screwed? Geoff Dembicki,2017-08-22 A declaration of resistance and a roadmap for radical change from the generation that will be most screwed by climate change The Millennial generation could be first to experience the doomsday impacts of climate change It s also the last generation able to do something about them With time ticking down 31 year old journalist Geoff Dembicki journeyed to Silicon Valley Canada s tar sands Washington DC Wall Street and the Paris climate talks to find out if he should

hope or despair What he learned surprised him Millions of people his age want to radically change our world and they are at the forefront of resistance to the politicians and CEOs steering our planet towards disaster In *Are We Screwed* Dembicki gives a firsthand account of this movement and the shift in generational values behind it through the stories of young people fighting for their survival It begins with a student who abandons society to live in the rainforest and ends with a Muslim feminist fomenting a political revolution We meet a Brooklyn artist terrifying the oil industry a Norwegian scientist running across the melting Arctic and an indigenous filmmaker challenging the worldview of Mark Zuckerberg *Are We Screwed* makes a bold argument in these troubled times A safer and more equitable future is more achievable than we've been led to believe This book will forever change how you view the biggest existential challenge of our era and redefine the generation now battling against the odds to solve it

Re-globalisation Dong Wang, Dejun Cao, 2020-12-29 Since the end of the Cold War globalisation has been the dominant political and economic trend But what is China's role in globalisation What is China's vision of the world This title offers a fresh and stimulating account of how China's involvement in globalisation has changed over time and how its role in leading the re-globalisation process is profoundly reshaping the world Introducing an innovative theoretical framework in the shape of re-globalisation this book discusses China's strategies and challenges while interacting with the international community The book provides several illuminating case studies such as the Belt and Road Initiative BRI the Asian Infrastructure Investment Bank AIIB and the strategies of the Chinese technology firm Alibaba Rich in data and bold in argument the book provides an extraordinarily dynamic depiction of how China's encounter with the outside world has not only transformed itself but also reshaped the global order As the first systemic and book length study of re-globalisation this volume will appeal to researchers and students of politics and Chinese studies and contemporary Chinese politics in particular
