*Innovative Technologies for Future Living* Sandip Sen,Aarohi Sen,2023-09-14 As of January 2023 there were over 5 billion users of technology and the internet People who use technology and want to know about it in simple language without jargon Many of those nurture dreams and aspirations to be quicker smarter and be the change We bring to them relatable stories of everyday users understood by consumers and gadget freaks alike a 200 page reference book of 10 technologies from IoT and AI to Telehealth Metaworld and Edutech We start with the Internet of Things IoT and show how consumers are using smart devices that teach them to manage their homes travel and lifestyle through their smartphones We see how cloud computing and artificial intelligence AI are enabling them to give feedback to IoT devices and extracting multiple services from household products like the humble LED light or the refrigerator or sophisticated jet engines or combined harvesters As devices turn smart and AI and robots enter our workspace they run the risk of being hacked So techies developed the Blockchain with encrypted text that would secure digital assets But with it arrived cryptocurrencies that threaten to bring unprecedented speculation money laundering and cyber crimes We also explore new opportunities in telehealth distant education and metaworld and the strides made in digital transformation that has in less than five years empowered over 2 billion people across the world giving them access to cost effective banking education travel energy food and health services But the same technologies are used to fight wars and disrupt supply chains that cause acute distress and worldwide recessions The book is relevant because the changes happening now are not incremental but tectonic This opens the door to a future that is more fascinating and threatening than fiction Read on to find out more

*Child and Adolescent Psychoanalysis in a Changing World* Catalina Bronstein,Sara Flanders,2023-07-14 This book applies psychoanalytic insight to work with children and adolescents in a changing often traumatic world Each chapter considers how psychoanalysis can develop and be developed assessing how in the modern world psychological disturbance and psychological trauma is manifest in new unfamiliar ways From new and different social and technological realities to the internet and new sexual discourse each chapter explores how the analyst can hold onto fundamental psychoanalytic understandings of mental functioning address the young patient s or family s need for containment while respecting the importance of drives the varieties of psychosexuality and the powerful impact of anxiety on psychological development In relation to children these authors disclose the potential destructiveness of impingements from adults on a precious vulnerable development This collection is essential reading for all psychoanalysts and psychoanalytic psychotherapists as well as other health and educational professionals working with children and adolescents
