The Report: Côte d'Ivoire 2022 Oliver Cornock, After achieving a region leading economic recovery in the decade since political stability was established, future growth and industrialisation strategy will continue to be shaped by the National Development Plan 2021-25 which constitutes a holistic approach to achieving emerging market status and meaningful poverty reduction by 2030.

The Report: Nigeria 2024 Oliver Cornock, Nigeria's global strategic importance derives from its position as having both Africa's largest population and economy, a reality undergirded by the entrepreneurial drive of its young population. Despite the lingering effects of the Covid 19 pandemic on the economy, aggressive intervention programmes by the Central Bank of Nigeria and support from international partners fuelled a recovery in 2021 with GDP growing 3.6% that year and 3.3% in 2022 after contracting 1.8% in 2020. Growth is projected to drop slightly to 3.2% in 2023.

Gaming and Gamers in Times of Pandemic Piotr Siuda, Jakub Majewski, Krzysztof Chmielewski, 2024-01-11 This edited collection brings in multiple scholarly perspectives to examine the impact of the pandemic and resulting government policies especially lockdowns on one particular cultural sphere: games. The COVID 19 pandemic has impacted virtually every aspect of our lives regardless of where we live. In the initial months many industry reports noted the unexpected positive impact on online digital game sales. Games were not just lockdown proof but boosted by lockdowns. Stay at home orders triggered a rush toward games as an alternative form of entertainment and the ubiquity of mobile phones allowed wider than ever participation. *Gaming and Gamers in Times of Pandemic* studies how the COVID 19 pandemic affected game players, game developers, game journalists and game scholars alike in many other ways starting with the most direct: illness and sometimes death. Some effects are temporary, others are here to stay.
