English Language Arts the Kindergarten Way Molly Cochell, Laura Fullmer, 2017 Kindergarten teachers know that a child's first taste of school should be engaging, active, social, and fun. Yet teachers are presented with a challenge: How do they nurture the holistic, exploratory nature of early childhood while teaching with the intentionality and rigor required to meet learning goals? Let this resource pave the way. English Language Arts the Kindergarten Way contains methods for teaching foundational reading skills, building vocabulary, inspiring and developing writing, and helping children respond to literature and informational text while inherently fulfilling the needs of the whole child. An entire year of activities is included. And all activities are classroom tested and naturally infuse visual art, music, drama, poetry, movement, and puppetry so that kindergartners meet learning goals their way. *Go Books* Gordon Winch, 1999. *Raising Readers at Home* Sheila E. Sapp, 2023-07-31. This book consists of an easy-to-follow plan designed to guide and assist parents in nurturing and developing pre-reading, pre-literacy skills needed to learn how to read. Parents/caregivers begin their journey by examining and exploring why some children have difficulty learning to read. It is also noted the role they can play in preparing their children for the learning-to-read process at home. They are guided through the development of pre-reading milestones and behavior characteristics of young children. Additionally, parents/caregivers complete a self-assessment to determine their thoughts about learning, which is important in setting up a creative and vibrant learning environment for their home. Before addressing the four components of the reading process, parents/caregivers are guided in setting the stage for learning to read: their home, by establishing a print-rich environment.
