Get Big Things Done Erica Dhawan, Saj-nicole Joni, 2015-02-24 Connectional Intelligence unlocks the 21st century secret to getting big things done regardless of who you are where you live or what you do We typically associate success and leadership with smarts passion and luck But in today's hypercompetitive world even those gifts aren't enough Get Big Things Done argues that the game changer is a thoroughly modern skill called Connectional Intelligence Virtually anyone can maximize his or her potential and achieve breakthrough performance by developing this crucial ability So what is it Put simply Connectional Intelligence is the ability to combine knowledge ambition and human capital forging connections on a global scale that create unprecedented value and meaning As radical a concept as Emotional Intelligence was in the 90s Connectional Intelligence is changing everything from business and sports to academics health and politics by quickly efficiently and creatively helping people enlist supporters drive innovation develop strategies and implement solutions to big problems Can a small town pumpkin grower affect the global food crisis A Fortune 500 executive change her company's outdated culture through video storytelling A hip hop artist launch an international happiness movement Or a scientist use virtual reality games to lower pain for burn victims The answer you'll read is a resounding yes Each of these individuals is using Connectional Intelligence to become a power player to get big things done Erica Dhawan and Saj-nicole Joni's Get Big Things Done unlocks the secrets of how the world's movers and shakers use Connectional Intelligence to achieve their personal and professional goals no matter how ambitious

Deadly Instinct K.E. Clark, 2013-02-12 A modern tale in the tradition of the noir fiction classics of James M Cain and Elmore Leonard *Deadly Instinct* tells the story of two couples who are brought together by a fundamental human instinct the desire for children but instead find themselves embroiled in a dangerous scheme fueled by greed and avarice Billy and Barbara Evans seem like an ordinary couple but looks are deceiving where Billy is concerned An early 30s man who has never truly grown up he dreams of riches and position Barbara his high school sweetheart simply wants a family and is blind to Billy's dark side though she is aware of his close ties to the shady and rich Jacko Denby Prominent and respectable on the outside Denby is reputed to have organized crime ties that pay for his opulent lifestyle one that Billy craves for himself and Barbara Sarah and Jacob Glass live in the nearby West Virginia coal mining country but are worlds apart from the Evans in education and social position Both are salt of the earth people honest and hardworking and desperate to have the child they cannot conceive In their early 40s they are now eager to adopt but Jacob's teenage criminal past and their precarious finances have made it impossible The story moves at an exhilarating pace when Ethan Boggs a disgraced lawyer enters their lives Boggs who is adroit at arranging hasty and superficially legal adoptions for aspiring parents who are willing to pay wrestles with his own demons of gambling and alcohol His instincts for self destruction put him under the thumb of a local loan shark and render him constantly in need of cash Billy's semi-legitimate business schemes with Denby bring him tastes of the wealth he craves Desperate to have it all he concocts an

unholy plan that will give him the financial success he desires but at a price he cannot imagine A shrewd detective and a glamorous television reporter begin to sniff out the truth leading to a fateful confrontation with a shattering climax *Deadly Instinct* weaves a complex web of deceit blood and passion in an unforgettable tale of the most basic human instincts and their explosive consequences **Business Week**, 1996 *Visuality/Materiality* Dr Divya P Tolia-Kelly, Professor Gillian Rose, 2012-11-28 Two of the key theoretical shifts over the past two decades of critical work have been the visual turn and the material turn This book argues that these hitherto distinct fields should be understood as in continual dialogue and co constitution and focuses on reconceptualising the visual as an embodied material and often politically charged realm This edited volume elaborates this conceptual argument through a series of contemporary case studies drawn from the disciplines of Architecture Sociology Media Studies Geography and Cultural Studies The case studies included are paired around four themes consumption translation practice and ethics As well as exploring the bringing together of visuality and materiality studies the contributors raise questions of social identity and social critique and also focus on the ethics of material visibilities **Glass Castle** M. Watkins, 2016-02-12 Please note that this book contains all three volumes of the Glass Castle series If you buy this book you are getting books One Two and Three in one complete package Riley Johnson was a promising young scientist at a prestigious research university when he met Maddy the girl of his dreams Maddy was everything that Riley could have wanted in a woman except that Maddy was hiding a secret that could unravel Riley's entire life This secret ends up taking Riley to places and giving him experiences he couldn't have dreamed in his worst nightmares Through everything Riley's love for Maddy gives him a reason to keep pushing forward But will that love be enough to see him through the tests that await him [Playing for the Lostboys 2](#), **British Journal of Photography**, 2009 **Hope Dies Last** Alan Weisman, 2025-04-24 One of the most exciting books I've ever read Louise Erdrich In this profoundly human and moving narrative the bestselling author of *The World Without Us* returns with a book ten years in the making a study of the precarious state of our planet and what it means to be a human on the front lines of this existential crisis His new uplifting book *Hope Dies Last* is a literary evocation of our current predicament and the core optimism of the human species against the worst odds we have ever faced To write this book Weisman has travelled the globe witnessing the devastation of climate change and meeting the people striving to mitigate and undo our past transgressions From the flooding Marshall Islands to wetlands renewal in Iraq and from the Netherlands to the Korean DMZ to cities and coastlines around the world he has witnessed personally the best of humanity battling the heat the hunger and the rising tides He profiles the work of big thinkers engineers scientists economists and psychiatrists as they devise innovative and wildly creative responses to an uncertain and frightening future We are at an unprecedented point in history as our collective exploits on this planet are leading us to our own undoing and we could be one of the species marching toward extinction A remedy to climate anxiety by one of our most important voices on humans relationship with the Earth *Hope Dies Last* fills a crucial gap in the global

conversation Now that we have passed the point of no return in our battle against climate change how do we feel behave act plan and dream as we approach a future decidedly different from what we had expected **The Independent Guide to the Apple MacBook** Nik Rawlinson,Adam Banks,2013 **MacBook Pro** Brad Miser,2011 Looks at the features and functions of the MacBook covering such topics as creating and managing user accounts sharing files using MobileMe configuring iChat setting up iCal adding data storage and running Windows applications
