Culinary Landmarks Elizabeth Driver,2008-04-05 Culinary Landmarks is a definitive history and bibliography of Canadian cookbooks from the beginning when *La cuisine de la bourgeoisie* was published in Quebec City in 1825 to the mid twentieth century. Over the course of more than ten years Elizabeth Driver researched every cookbook published within the borders of present day Canada whether a locally authored text or a Canadian edition of a foreign work. Every type of recipe collection is included from trade publishers' bestsellers and advertising cookbooks to home economics textbooks and fund raisers from church women's groups. The entries for over 2,200 individual titles are arranged chronologically by their province or territory of publication, revealing cooking and dining customs in each part of the country over 125 years. Full bibliographical descriptions of first and subsequent editions are augmented by author biographies and corporate histories of the food producers and kitchen equipment manufacturers who often published the books. Driver's excellent general introduction sets out the evolution of the cookbook genre in Canada while brief introductions for each province identify regional differences in developments and trends. Four indexes and a Chronology of Canadian Cookbook History provide other points of access to the wealth of material in this impressive reference book.

The Canadian Settler's Guide Catharine Parr Traill,2022-08-16 In *The Canadian Settler's Guide* Catharine Parr Traill crafts a detailed and practical manual aimed at prospective settlers in 19th century Canada. Through an engaging blend of personal narrative and instructional prose, Traill captures the essence of life in the Canadian wilderness, addressing the challenges and opportunities that accompanied settlement. The book employs a clear and accessible literary style reflecting the burgeoning literary context of Canadian identity during a time of significant migration and transformation, drawing upon Traill's own experiences and observations as a settler herself. Catharine Parr Traill, an English-born author and naturalist, emigrated to Canada in 1832, driven by both a spirit of adventure and a desire to document her new home. Her background in botany and literature informs her writing, offering a unique perspective on the flora, fauna, and geography of Canada. Traill's keen observations and rich descriptions serve as a testament to her enduring fascination with the natural world and her commitment to the cultivation of a Canadian ethos within her narrative. This book is a must-read for anyone interested in Canadian history, literature, or the settler experience in the 19th century. Traill's insights remain relevant, providing invaluable lessons on resilience, adaptation, and the importance of understanding one's environment, making it a vital resource for both scholars and general readers alike.
