## **College Football Guide:**

*The Unanimous Champions of College Football, 1869-2019* Robert J. Reid, 2022-05-30 In the 150 years of college football history the national championship has been decided by unanimous vote only 33 times This book analyzes the various methods of selecting these champions and what made the teams special Drawing on archives and early published works a firsthand description of the 1869 inaugural game between Princeton and Rutgers is provided along with details of how these earliest teams were managed The contributions and innovations of Walter Camp the Father of Football are explored as is the evolution of the game itself Each unanimous season since the turn of the 20th century from Yale in 1900 to LSU in 2019 is covered in detail with a brief history of each school's football program The question is there a best ever team is explored

**College Coaches and Teaching Civil Society Literacy** Daniel R. Gilbert Jr., 2025-09-29 This is a book about a treasure hidden on college campuses across the United States This treasure is the expertise that college coaches acquire as they do their life work in intercollegiate athletic competition In their work coaches routinely join to sustain relationships among parties who hold very different interests as they meet in scheduled athletic competition This expertise is a treasure for General Education because General Education entails preparing adults to live thoughtfully and with civility in the company of one another This treasure is hidden because coaches are customarily ineligible to teach in the academic program The author shows that such exclusion is optional He charts a pathway for bringing coaches off the bench and into General Education teaching He presents plans with which college faculty and coaches can join to assemble texts for teaching learners about claiming places in something larger than career and familiar comfort In the precise grammar of these texts the author demonstrates that college coaches are positioned to contribute comprehensively to the advancement of General Education

**Tackling Football** Sandra L. Caron, J Michael Hodgson, Val Ireland, 2011-07-01 Tackling Football A Woman's Guide to the College Game provides women with the basics for understanding a college football game how it is played the various playing positions and basic offensive and defensive strategies It includes a close up look at what happens before during and after the game as well as how to listen to a play by play It is written in a user friendly format and is drawn from our combined years of experience with college football as spectator player and coach We feel that few things in sports compare to the excitement of a weekend college football game from socializing with friends at the pregame tailgating parties to the energy of the crowd cheering their team's touchdown over a rival We want others to have that experience and share in our love and appreciation for the game
