## **Mental Health Tips This Month:**

**The Impact of Psychological Well-Being on University Students** Cristina Torrelles-Nadal, Yun-Chen Chang, 2025-12-15 We are pleased to introduce the collection *Frontiers in Psychology Highlights in Positive Psychology The Impact of Psychological Well Being on University Students* Researching the impact of psychological well being on university students is of paramount importance By delving into this topic we can gain valuable insights into the mental health challenges faced by students identify effective support strategies and ultimately enhance their overall well being Understanding the factors that influence psychological well being enables universities to develop targeted interventions support systems and counseling programs that address the unique needs of students This research is essential for promoting student success improving retention rates fostering a positive campus environment and facilitating holistic development Ultimately researching the impact of psychological well being on university students empowers institutions to create a nurturing and inclusive environment that supports students personal growth academic achievements and long term mental health This collection will welcome and showcase a selection of articles about psychological wellbeing authored by leaders in the field The work presented here highlights the broad diversity of research performed across the Positive Psychology field and aims to put a spotlight on the main areas of interest This collection aims to further support Frontiers strong community by shining a spotlight on our authors highly impactful research

## **Health Promotion in the Universities and Other Educational Settings** Miguel Corbí, Antoni Aguilo, Carmen Gallardo Pino, Mario Del Líbano , Carlos Emanuel

Rodriguez-Diaz, Hiram V. Arroyo Acevedo, 2025-09-17 The promotion of health in universities is of great importance as it allows for the encouragement of healthy lifestyles and the prevention of diseases among students teaching staff and administrative personnel The university is a conducive environment for the promotion of healthy habits since firstly it is usually the moment when the students make decisions under their responsibility and secondly it is a place where academic sports and social activities take place so it is also an ideal moment to promote changes that can be transferred to society and the rest of the individual's life Health promotion in universities can cover several areas such as healthy eating physical exercise prevention of addictions emotional and social mental health among others It can also involve the entire university community from students to administrative and teaching staff In the case of students it is essential as it is a period of change and habit formation and the fact that they will be the future decision makers of society

**Essentials of Psychiatric Mental Health Nursing** Mary C Townsend, 2013-08-16 New DSM 5 content Whether it's an entire course on psychiatric nursing or integrating these principles into an existing course this is the text that's concise engaging and informative It offers an evidence based holistic approach to mental health nursing in a streamlined format that explores nursing diagnoses for both physiological and psychological disorders It's the psychiatric nursing text that students actually read understand and use
