Oss Training Manuals:

[OSS Field Manuals](#) Strategic Services Division Staff, 2015-06-29 This Reprint of the OSS the Operational Groups Field Manual was printed and made available for the information and guidance of selected OSS personnel and was used as the basic doctrine for Strategic Services training for the operations of these groups **THE OSS COMBAT MANUAL**

Hardcover Edition James Loriega, *Operation OSS* U.S. Army Special Forces, 2011-09-01 Operation OSS provides a fascinating glimpse into the famed Office of Strategic Services better known as the OSS the predecessor to today's CIA. It combines three declassified manuals that together document the field activities of the clandestine community during World War II involving both citizen saboteurs and professional teams of trained operatives. Simple Sabotage Field Manual is the basic OSS doctrine for training civilians as saboteurs outlining the tools targets and timing schedules necessary to achieve maximum efficiency in support of conventional military offensives. Maritime Unit Field Manual describes OSS clandestine waterborne operations including ferrying operatives and supplies to and from enemy held shores conducting maritime sabotage against enemy shipping and shipping installations and providing tactical assistance to conventional forces. Provisional Basic Field Manual puts the sabotage and maritime manuals in proper context showing how the objectives of physical and morale subversion fit into the overall mission statement and structure of the organization. These rare manual reprints are essential study for anyone interested in the activities of the clandestine community during World War II. [OSS Field Manuals](#) Director Strategic Services, 2015-04-23 OSS Manual Reprint Series This is a reprint of the OSS Office of Strategic Services Morale Operations Manual. It was used as the primer for all OSS personnel involved in the MO Branch.

Appointment in Tehran James Stejskal, 2021-08-31 Set against the backdrop of the 1979 Iranian hostage crisis a spy thriller from a former U.S. Special forces and CIA operative. When radical Iranian students seize the U.S. Embassy compound in Tehran and take over fifty diplomats hostage the U.S. President has to negotiate with a government that wants only to humiliate the United States. When talks fail the President must turn to the military to bring the Americans home by force. As preparations are made for an audacious rescue an American intelligence officer hides alone in a Tehran safehouse with a secret. He is protecting a powerful weapon known as the Perses Device which is now at risk of being captured and employed against the United States. The Agency Director orders that it must be brought out at all costs. But as a small American team clandestinely enters Tehran to lead the way for the rescue force a traitor spills the secret and KGB Spetsnaz operatives begin their own search for the weapon. At the last minute one more American is added to the advance team his sole mission is to get the Agency officer and the Perses device to safety. When the rescue mission fails only two Americans are left to run the gauntlet of enemy agents and get the weapon out. Getting in was easy. Gripping suspense appealing characters and an insider's familiarity with clandestine operations make Stejskal's realistic novels first rate spy fiction. Paul Vidich author of *Beirut Station* A brilliant non stop nail biting tension fest to its jaw dropping finale. Michelle Medhat author of *The Trusted spy*

thriller series The OSS and Ho Chi Minh Dixee R. Bartholomew-Feis,2006 Some will be shocked to find out that the United States and Ho Chi Minh our nemesis for much of the Vietnam War were once allies Indeed during the last year of World War II American spies in Indochina found themselves working closely with Ho Chi Minh and other anti colonial factions compelled by circumstances to fight together against the Japanese Dixee Bartholomew Feis reveals how this relationship emerged and operated and how it impacted Vietnam s struggle for independence Although the OSS did not bring Ho Chi Minh to power Bartholomew Feis shows that its apparent support for the Viet Minh played a significant symbolic role in helping them fill the power vacuum left in the wake of Japan s surrender Her study also hints that had America continued to champion the anti colonials and their quest for independence rather than caving in to the French we might have been spared our long and very lethal war in Vietnam Based partly on interviews with surviving OSS agents who served in Vietnam Bartholomew Feis s engaging narrative and compelling insights speak to the yearnings of an oppressed people and remind us that history does indeed make strange bedfellows
