**Our Navy and the Next War (Classic Reprint)** Robert Wilden Neeser,2015-07-01 Excerpt from Our Navy and the Next War If ever the navy of the United States needed the intelligent support of the American people it is at the present moment And it is fortunate that interest is now growing and that a disposition on the part of our citizens to force action toward the meeting of the needs of the service is beginning to show itself On one point there seems to be no difference of opinion that if we are to have a navy at all it should be as efficient as it possibly can be made We have to day individual ships that are the admiration of foreign naval architects We have officers and men on board of them that we believe are the equal of those in any other service We have certain materials of war that are as good as those manufactured for other fleets But what we have not appreciated is that efficient individual ships and efficient crews do not alone make a powerful navy These units must be welded into an efficient whole by an organization and administration which co ordinate their capabilities and direct their efforts toward a common end About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

*Our Navy's Part in the Great War (Classic Reprint)* John Wilber Jenkins,2017-12-26

Excerpt from Our Navy's Part in the Great War The growth of our Navy to more than half a million Officers and men manning two thousand vessels has been almost phenomenal but no less so than the spirit and efficiency these men have displayed their courage and enterprise in facing every danger and performing every duty imposed upon them There has been no more striking instance of sea power than in this war in which the Allies held control of the seas and in spite of ruthless submarine warfare and the activity of raiders at last compelled the surrender of the German High Seas Fleet It is gratifying that our own Navy had a part in accomplishing this resuAbout the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

### **Our Naval War With France (Classic Reprint)**

Gardner W. Allen,2015-07-10 Excerpt from Our Naval War With France The spoliation of American commerce by the French and the resulting hostilities during the last years of the eighteenth century form the earliest episode of importance in our history under the Federal Constitution It is perhaps natural that they should have been to a great extent overshadowed by the tremendous convulsions of the French Revolution Yet these hostilities between the United States and France continued in an acute form nearly three years and amounted to actual war although war was declared on neither side Important frigate actions and very many minor contests furnish some of the most stirring exploits in the early history of the navy An examination of manuscript sources and contemporary newspapers has brought to light much material never before utilized For aid in this search the writer is indebted to the officials of the Navy Department the Boston Public Library and the Massachusetts Historical Society and to many other persons He is under especial obligations to Professor Edward Channing of Harvard University and to Charles W Stewart Esq Superintendent of Library and Naval War Records Navy Department About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

### **Three Years of Naval Warfare (Classic Reprint)**

R. H. Gibson,2016-09-13 Excerpt from Three Years of Naval Warfare A history of the naval war since 1914 is of a very far reaching character but I have endeavoured to localise the many campaigns into separate chapters although a small amount of overlapping is unavoidable The stupendous events of the last few years have followed one another in such rapid succession that few people realise the

enormous task which our Navy was called upon to perform From the terribly sudden collapse of the whole fabric of Germany's commerce the success of this work must be evident and although in 1915 many of our ships were still engaged on foreign service practically all naval matters centralised in home waters The book is divided into two parts the first dealing with the work of the Royal Navy around our shores and the second part treating the British and Allied Fleets abroad The veil over our Fleet remains as inscrutable as ever and One is tempted to question the need for such absolute secrecy The enemy is Of course greatly hindered in learning Of the dispositions and strength Of our squadrons and patrols but the disappointment which the public feels is keen It tends to make us overlook the wonderful patience of our sailors in their long and weary vigil for the hiding foe Some day let us hope that we shall be told the full story of the glorious deeds Of our men who had kept the seas in fair weather and foul in winter and summer by night and day in the hope of encountering the enemy in the enforcing of the blockade in the protection of our vast overseas trade in the supplying of our overseas forces and in keeping our coasts immune from the inhuman and murderous invader About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Chinese and Indian Warfare - From the Classical Age to 1870* Kaushik Roy,Peter Lorge,2014-12-17 This book examines the differences and similarities between warfare in China and India before 1870 both conceptually and on the battlefield By focusing on Chinese and Indian warfare the book breaks the intellectual paradigm requiring non Western histories and cultures to be compared to the West and allows scholarship on two of the oldest civilizations to be brought together An international group of scholars compare and contrast the modes and conceptions of warfare in China and India providing important original contributions to the growing study of Asian military history *Prentice-Hall Tax Service for 1919 (Classic Reprint)* Prentice-Hall Inc,Prentice-Hall, inc,1919 Excerpt from Prentice Hall Tax Service for 1919 This allowance is not based upon the difference between the actual war cost of such facilities and what they would have cost at pre war prices Obviously the taxpayer is not entitled to recover or extinguish through amortization more than the difference between the war cost of such property and what he can sell the property for after the war or if he continues to need and use it in his business what it would have cost him after the war As the rule is expressed in Article 183 of the Regulations The total amount to be extinguished by amortization in general is the excess of the unextinguished or unrecovered cost of the property over its maximum value either for sale or for use as part of the plant or equipment of a going business under stable post war Conditions About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an

Greer,2018-02-07 Excerpt from Our Minor Naval Wars As soon as that war was over all the personnel of the naval service was turned adrift and every vessel was sold Why was this The sacrifice was made because the people of the new nation feared that scheming politicians might use the navy to enslave their own people About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Naval Aviation News** ,1982-10    **Our Navy in Time of War (1861-1915) (Classic Reprint)** Matthews Matthews,2018-01-12 Excerpt from Our Navy in Time of War 1861 1915 These two movements may be

made antagonistic by poor teaching The book knowledge containing as it does the precious lesson of human experience may be so taught as to bring with it only dead rules of conduct only dead scraps of information and no stimulant to original thinking Its contents may be memorized without being understood On the other hand the self activity of the child may be stimulated at the expense of his social well being his originality may be cultivated at the expense of his rationality If he is taught persistently to have his own way to trust only his own senses To cling to his own opinions heedless of the experience of his fellows he is preparing for an unsuccessful misanthropic career and is likely enough to end his life in a madhouse It is admitted that a too exclusive study of the knowledge found in books the knowledge which is aggregated from the experience and thought of other people may result in loading the mind of the pupil with material which he can not use to advantage About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art

**Guide to Reprints** ,2009 **The Crisis of the Naval War (Classic Reprint)** ,2015-07-12 Excerpt from The Crisis of the Naval War Owing to the peculiar nature and demands of naval warfare but few dispatches corresponding to those describing the work and achievements of our great armies were issued during the progress of the war In a former volume I attempted to supply this defect in the historical records which will be available for future generations so far as the Grand Fleet was concerned during my period as its Commander in Chief The present volume which was commenced and nearly completed in 1918 was to have been published at the same time My departure on a Naval mission early in 1919 prevented me however from putting the finishing touches to the manuscript until my return this spring I hesitated as to the publication of this portion of what is in effect one complete narrative but eventually decided not to depart from my original purpose There is some reason to believe that the account of the work of the Grand Fleet gave the nation a fuller conception of the services which the officers and men of that force rendered in circumstances which were necessarily not easily appreciated by landsmen About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Naval War College Review* Naval War College (U.S.),1998 **The Academy** ,1883
