Out Of The Darkness From Turmoil To Transformation:

Out of the Darkness Steve Taylor,2011-03-07 Out of the Darkness tells the stories of more than 20 people who have undergone permanent spiritual awakening after intense trauma and turmoil in their lives Although psychological turmoil often has no positive effects for some people it can be the catalyst for a kind of spiritual alchemy transforming the base metal of suffering into the gold of intense well being and freedom Read about the young woman who became enlightened after suffering terrible injuries in the 7 7 tube bombings in London the man who became paralysed after falling from a bridge onto a river bed but now lives in a state of permanent bliss and the recovering alcoholic who shifted to a permanent state of enlightenment after hitting rock bottom and losing everything The author has also interviewed several spiritual teachers whose original awakening occurred after intense psychological turmoil including Eckhart Tolle and Catherine Ingram In addition to telling these people s stories Out of the Darkness explains why turmoil has this awakening effect and illustrates the almost infinite capacity of human beings to overcome suffering It suggests that so long as we have the courage to face up to and accept negative situations there is nothing for us to fear But perhaps most importantly it shows how natural spiritual awakening is to human beings and how close it is to all of us

The Leap Steve Taylor,2017-03-07 It is commonly thought that enlightenment is unattainable for ordinary people living in modern Western society and is reserved for monks or gurus leading a spiritually dedicated life in remote locations After researching mystical experiences and interviewing people who claim to have had them psychologist Steve Taylor found that normal modern day people from different faiths and walks of life have also reached modes of higher consciousness In fact these experiences are more common than we realize Drawing on his knowledge of different religious traditions Taylor set out to find the common features of these awakened states and how the rest of us might also achieve wakefulness In this book Taylor uncovers The different types of wakefulness natural gradual and sudden The difference between fraudulent spiritual teachers and the genuinely awakened The sometimes disorienting effects of spiritual awakenings on those who undergo them How different theories of consciousness explain or try to debunk mystical experiences Above all Taylor reminds us that we don t have to join an ashram in a distant country to attain enlightenment but that we can find it where we are right now

The Unfolding Self Ralph Metzner,1998 Metzner offers readers a definitive map through the maze of spiritual options available to them identifying the universal structures that underlie the varieties of transformative experience much as William James did a century ago in his classic *The Varieties of Religious Experience* 40 illustrations

The Coming Age ,1900 **The Spiritual Art of Abraham Rattner** Robert Henkes,1998 The Spiritual Art of Abraham Rattner explores for the first time the life of an artist who captured his tremendous spirituality

through his work Rattner searched for a philosophy of oneness as he depicted religious scenes from both the Old and New Testaments as well as some secular scenes He struggled with his own life as he compared himself with Abraham or the crucified Christ His prayerful life was dominated by a hope for peace and an abhorrence for war and the suffering it carries with it Henkes examines the presence of Rattner s ideas and views in his work finding his suffering as well as his deep spirituality and love for humanity as expressed through the dominant figures of St Francis of Assisi and Moses Recommended for all students of art and religion

The laughing man Victor Hugo,1887 **Opening to Inner Light** Ralph Metzner,1986

It is said that the Buddha recognized only one miracle the transformation of human consciousness This book describes the processes of individual evolutionary transformation These descriptions will prove useful to those who are just beginning a transformational phase in their lives and to those who find themselves in the midst of one and are perhaps searching for

signposts and conceptual tools The central thesis of this work is that metaphor symbols and analogies are essential to describing this process and that there appear to be about a dozen or so key ketaphors from dream to awakening from captivity to liberation from fragmentation to wholeness and symbols for transformation that occur over and over in all major cultures and sacred traditions throughout the world This is the common language of humanity s transformative process the language of symbols the language that we know in dreams in poetry and art in the visions and voices that tell us of

nonordinary realities of the sacred of the mystery Opening to Inner Light draws on the writings of Eastern and Western mysticism comparative mythology literature and poetry and those of philosophers and teachers in the esoteric shamanic yogic and hermetic traditions It incorporates the formulations of modern depth psychotherapy anthropology and

transpersonal psychology Rich in scholarship in symbolic imagery and the personal experience of the author s colleagues clients and students as well as related published accounts Opening to Inner Light is a book for all those who have undergone any deep personal change from a born again religious conversion to the extended expanded consciousness of spiritual illumination back cover
