

DISCOVER THE SIGNIFICANCE OF A LIFE OVERFLOWING.

Outflow introduces you to principles for enjoying a life that's filled to the brim with God's love, joy, and hope. It starts with a deep relationship with God, then flows out to touch your family and friends, your neighbors, your world.

They'll notice a difference . . . and so will you.

Get ready to experience God's love in a new way—and to share it with others in a manner that's natural, simple, and heart-felt.

"I train believers all over the world on how to share their faith in 'irresistible' ways. I've come to realize that good training provides the tracks to run on, but *Outflow* addresses the issues of the heart which have long kept well-intentioned believers from moving into the flow of what God wants to do in and through them. It's been said that when the heart is right, the feet are swift. If that is true I can assure you that this book will move you into action because the heart is the heart of the matter."

—Doug Pollock, *Evangelism Director for Adheres In Action*

"I feel guilty, most Christians feel guilty, and I bet you do too. Why? We know we should do better living out our faith. But how? Sjogren once again shows us the way with *Outflow*. He reminds us that it's about lifestyle, how-to's and compassion—not programs, must-do's or formulas. This book is perfect for congregations, small groups, and . . . for me!"

—Nelson Seeger, *Lead Pastor, The Journey Church, New York City and Founder, www.ChurchLeaderInsights.com*

"Imagine your life overflowing with extraordinary joy and power—and all the while, impacting everyone around you naturally and authentically? Steve Sjogren and Dave Ping demonstrate exactly how to make that happen! *Outflow* delivers a powerful array of refreshingly relevant and practical ideas for living a new kind of life in today's world. This field guide is an irresistible invitation to connect with God in such a way that you can't help but draw others to Him!"

—Cathy Poole, *Director of Spiritual Discovery at Willow Creek Community Church and author of Seeker Small Groups*

"Think concentric circles, a pebble hitting water's surface and rippling out to the pond's edges. That's the concept of *Outflow*. God lives within us and bubbles up and out of our very beings, splashing His life on our world—coloring it in hues of hope. Evangelism has never been so pure, so whole, so real . . . so effortless. Let it flow."

—Elisa Morgan, *CEO of MOPS International*

"At a time when churches desperately need to connect with their own as well as with the unchurched, Dave Ping provides practical tools and life-changing insights into transforming relationships that will impact our culture. It is a book that provides a personal plan of action for those who want to be effective in reaching people at every level. Dave Ping has used practical and relative ways to communicate timeless principles that will assist any leader in answering critical questions as they relate to reaching people where they are."

—Barry A. Clardy, *Pastor of Princeton Pike Church of God*

Counties, Colorado United States. Bureau of Land Management. Little Snake Resource Area, 1986 [Spiritual Formation as if the Church Mattered](#) James C. Wilhoit, 2022-03-29 Most books on spiritual formation focus on the individual But spiritual

formation is at the heart of the church's whole purpose for existence. It must be a central task for the church to carry out Christ's mission in the world. This book offers an introduction to spiritual formation set squarely in the local church. The first edition has been well received and widely used as a textbook. The second edition has been updated throughout, incorporates findings from positive psychology and reflects an Augustinian formation perspective. Foreword by Dallas Willard. *From Periphery to Centre* Mei Li, 2023-08-01. This book studies the multi-dimensional development and landscapes of the internationalization of China's higher education throughout the past four decades, illustrating its trajectory from the periphery to the centre of the global higher education system. Combining solid theoretical elucidation and rich empirical studies, the author systematically reviews the key relevant concepts and examines policies and practices of higher education internationalization in China based on rich data gathered from interviews and surveys on overseas Chinese scholars, academic returnees and international students. With a focus on internationalization at home and transnational academic mobility, the book analyzes the core topics and phenomena of China's internationalizing higher education, including Chinese students studying abroad, overseas academics returning to China, international students in China, Sino-foreign cooperative education and internationalization of higher education in Hong Kong, Singapore and Shanghai. Seeking to offer valuable experience, reflections and policy reference, this book will be of great value for researchers, policymakers and university administrators interested in the internationalization of higher education and especially China's successful cases.
