of the twentieth century and an impenetrably enigmatic personality whom no one not even his closest friends claimed to understand His music too was powerful and entirely original Andre Previn compared him to Stravinsky and Prokofiev Percy Grainger to Bach and Delius But in fact he was very much his own man The grandson of a slave Ellington dropped out of high school to become a musical showman of incomparable suavity as comfortable in Carnegie Hall as in the nightclubs where he honed his famous style When he raised his fingers the music that blazed out had its own unique richness and range He wrote hundreds of compositions many of which remain beloved standards and sought inspiration in an endless string of transient lovers concealing himself behind a smiling mask of flowery language and ironic charm In this revealing biography Terry Teachout skillfully peels away the countless layers of Ellington's evasion to tell the unvarnished truth about a creative genius and musical pioneer
