Outreach Israel News 2015 Back Issues William Huey, 2015-12-12 Outreach Israel News 2015 Back Issues *Emerging Security Threats in the Middle East* Ashok Swain, Anders Jägerskog, 2016-04-12 Increasingly the Middle East and its growing population face a highly complex and fragile security system The rich deposits of natural resources such as oil and gas suffer from a strained renewable resource base that includes water and arable land This leads to water scarcity desertification and land degradation Increasing population industrialization and urbanization put more and more demand on the food supply Energy insecurity may not be generally associated with the Middle East but the countries in the eastern Mediterranean part have been traditionally vulnerable to it as their fossil fuel endowments have been low Another issue is the large scale temporary labor migration and the large number of forced migrants refugees and internally displaced persons The book analyzes these emerging security challenges in a comprehensive and systematic manner It draws national and regional security issues into both the global security and human security perspectives *Report India. Ministry of External Affairs, 2015* [The Right to Maim](#) Jasbir K. Puar, 2017-10-11 In *The Right to Maim* Jasbir K Puar brings her pathbreaking work on the liberal state sexuality and biopolitics to bear on our understanding of disability Drawing on a stunning array of theoretical and methodological frameworks Puar uses the concept of debility bodily injury and social exclusion brought on by economic and political factors to disrupt the category of disability She shows how debility disability and capacity together constitute an assemblage that states use to control populations Puar s analysis culminates in an interrogation of Israel s policies toward Palestine in which she outlines how Israel brings Palestinians into biopolitical being by designating them available for injury Supplementing its right to kill with what Puar calls the right to maim the Israeli state relies on liberal frameworks of disability to obscure and enable the mass debilitation of Palestinian bodies Tracing disability s interaction with debility and capacity Puar offers a brilliant rethinking of Foucauldian biopolitics while showing how disability functions at the intersection of imperialism and racialized capital
