

"OUTsider is a moving coming out tale, a deeply feminist memoir, and a bewildering look at the ridiculousness of immigration policy in the US. A must-read for women, and the people who love them."

Outsider Crossing Borders Breaking Rules Gaining Pride:

OUTsider Ruth Marimo,2014-04-11 In Ruth Marimo's heartfelt autobiography readers are introduced to a fierce forthright woman who has confronted life's obstacles and has overcome them with strength, courage, and honesty. Born in Zimbabwe, Marimo has traveled the world, gaining insight and deep appreciation for the plight of the illegal immigrant. OUTsider chronicles the journey of Ruth Marimo, who traveled from Africa to the United States, from an abused wife to an out lesbian activist, from a life of fear to one filled with joy. Her trek from the shadows of uncertainty and shame into the bright light of self-acceptance and fulfillment is a story that is richly rewarding and uniquely compelling. Women Beyond Belief

Karen L. Garst,2016-10-01 Women have made great strides toward equal rights over the past hundred years, especially in the West. But when considering the ongoing fight over reproductive rights and equal pay and the prevalence of sexual violence and domestic abuse, it is clear that a significant gap still exists. With scripture often cited as justification for the marginalization of women, it is time to acknowledge that one of the final barriers to full equality for women is religion. Much has been written about the great strides humankind has made in knocking down many long-held religious beliefs, whether related to the age of the earth or the origin of the species. But religion's negative impact on women has been less studied and discussed. This book is a step toward changing that. Twenty-two women from a variety of backgrounds and Judeo-Christian traditions share their personal stories about how they came to abandon organized religion and how they discovered life after moving away from religious and supernatural beliefs. Their words serve both as a celebration of all who have taken similar steps under the weight of thousands of years of religious history and as a source of inspiration for those individuals, especially women, who have deep doubts about their own belief traditions but who don't yet know how to embrace life without falling back on religion. **City Making**

Gerald E. Frug,2001-02-20 American metropolitan areas today are divided into neighborhoods of privilege and poverty, often along lines of ethnicity and race. City residents traveling through these neighborhoods move from feeling at home to feeling like tourists to feeling so out of place they fear for their security. As Gerald Frug shows, this divided and inhospitable urban landscape is not simply the result of individual choices about where to live or start a business. It is the product of government policies and, in particular, the policies embedded in legal rules. A Harvard law professor and leading expert on urban affairs, Frug presents the first ever analysis of how legal rules shape modern cities and outlines a set of alternatives to bring down the walls that now keep city dwellers apart. Frug begins by describing how American law treats cities as subdivisions of states and shows how this arrangement has encouraged the separation of metropolitan residents into different, sometimes hostile, groups. He explains, in clear, accessible language, the divisive impact of rules about zoning, redevelopment, land use, and the organization of such city services as education and policing. He pays special attention to the underlying role of anxiety about strangers, the widespread desire for good schools, and the pervasive fear of crime. Ultimately, Frug calls for replacing the current legal definition of cities with an alternative

based on what he calls community building an alternative that gives cities within the same metropolitan region incentives to forge closer links with each other An incisive study of the legal roots of today s urban problems City Making is also an optimistic and compelling blueprint for enabling American cities once again to embrace their historic role of helping people reach an accommodation with those who live in the same geographic area no matter how dissimilar they are *The Sunday school chronicle [afterw.] New chronicle of Christian education* National Sunday school union,1878 Minutes of the ...
