

The Outsider Test for

*How to Know  
Which Religion Is True*

JOHN W. LOFTUS

# Outsider Test Faith Which Religion

**John W. Loftus**

## **Outsider Test Faith Which Religion:**

**The Outsider Test for Faith** John W. Loftus, 2013-03-19 Fostering mutual understanding by viewing religion from an outsider perspective Depending on how one defines religion there are at least thousands of religions in the world Given such religious diversity how can any one religion claim to know the truth Nothing proposed so far has helped us settle which of these religions if any are true until now Author John W Loftus a former minister turned atheist argues we would all be better off if we viewed any religion including our own from the informed skepticism of an outsider a nonbeliever For this reason he has devised the outsider test for faith He describes it as a variation on the Golden Rule Do unto your own faith what you do to other faiths Essentially this means applying the same skepticism to our own beliefs as we do to the beliefs of other faiths Loftus notes that research from psychology anthropology sociology and neuroscience goes a long way toward explaining why the human race has produced so many belief systems why religion is culturally dependent and how religion evolved in the first place It's important that people understand these findings to escape the dangerous delusion that any one religion represents the only truth At a time when the vast diversity of human belief systems is accessible to all the outsider test for faith offers a rational means for fostering mutual understanding

[The Loftus Delusion: Why Atheism Fails and Messianic](#)

[Israelism Prevails](#) David Reuben Stone, 2010-02-14 David Reuben Stone has published the definitive critique of the anti Biblical atheism of John W Loftus Also included 1 New mathematical proof of Wagner's Modus Tollens Probabilized theorem 2 Improved inductive logic in Intelligent Design arguments of Behe Dembski and Ross 3 ACPO occasionalist metaphysics 4 New debate resolution procedure STONE 5 STONE based defense of Minimalist Theism 6 Human Ignorance Principle used to refute atheistic arguments from evil 7 Justification of conservative Biblical theology 8 Biblical Gospel presentation 9 Messianic Israelism definition and defense 10 130 Scriptural arguments for Torah observant Biblical ethics 11 An ecclesiology of church Israel identity refuting Dispensationalism and Supersessionism 12 Detailed critique of opposition including John W Loftus Elliott Sober Jordan Howard Sobel Bart D Ehrman Graham R Oppy and Michael L Brown Visit [www.loftusdelusion.com](http://www.loftusdelusion.com) for details

[Unapologetic](#) John W. Loftus, 2016-11-01 A forceful takedown of faith based reasoning in secular institutions Just as intelligent design is not a legitimate branch of biology in public educational institutions nor should the philosophy of religion be a legitimate branch of philosophy argues acclaimed author John W Loftus In his call for ending the philosophy of religion he argues that as it is presently being practiced the main reason the discipline exists is to serve the faith claims of Christianity Most of philosophy of religion has become little more than an effort to defend and rationalize preexisting Christian beliefs By highlighting the stark differences between faith based reasoning and evidence based reasoning Loftus presents vital arguments and lessons about the importance of critical thinking not only in all aspects of study but also in life His conclusions and recommendations thus resonate far beyond the ivory towers and ivy covered walls of academic institutions For atheists secular individuals and those interested in critical thinking about religion

[Secular](#)

Cosmopolitanism, Hospitality, and Religious Pluralism Andrew Fiala, 2016-10-04 This book explores the idea of religious pluralism while defending the norms of secular cosmopolitanism which include liberty tolerance civility and hospitality The secular cosmopolitan ideal requires us to be more tolerant and more hospitable toward religious believers and non believers from diverse traditions in our religiously pluralistic world Some have argued that the world s religions can be united around a common core This book argues that it is both impossible and inadvisable either to reduce religion to one thing or to deny religion Instead the book affirms non reductive pluralism and seeks to understand how we should live in a pluralistic world Building on work in the sociology of religion and philosophy of religion the book examines the growth of religious diversity and the spread of nonreligion in the contemporary world It argues that religious toleration hospitality and compassion must be extended in a global direction Secular cosmopolitanism recognizes that each person has a right to his or her deepest beliefs and that the diversity of the world s religious and non religious traditions cannot be reduced or eliminated

*Everybody Is Wrong About God* James Lindsay, 2015-12-01 A call to action to address people s psychological and social motives for a belief in God rather than debate the existence of God With every argument for theism long since discredited the result is that atheism has become little more than the noises reasonable people make in the presence of unjustified religious beliefs Thus engaging in interminable debate with religious believers about the existence of God has become exactly the wrong way for nonbelievers to try to deal with misguided and often dangerous belief in a higher power The key author James Lindsay argues is to stop that particular conversation He demonstrates that whenever people say they believe in God they are really telling us that they have certain psychological and social needs that they do not know how to meet Lindsay then provides more productive avenues of discussion and action Once nonbelievers understand this simple point and drop the very label of atheist will they be able to change the way we all think about talk about and act upon the troublesome notion called God

**Why I Became an Atheist** John W. Loftus, 2008 This book is a companion volume for my book Why I Became an Atheist A Former Preacher Rejects Christianity Amherst NY Prometheus Books 2008 It presents some personal reflections

and additional arguments not covered in that other book **The Christian Delusion** John W. Loftus, 2010-04-20 In this anthology of recent criticisms aimed at the reasonableness of Christian belief a former evangelical minister and apologist author of the critically acclaimed Why I Became an Atheist has assembled fifteen outstanding articles by leading skeptics expanding on themes introduced in his first book Central is a defense of his outsider test of faith arguing that believers should test their faith with the same skeptical standards they use to evaluate the other faiths they reject as if they were outsiders Experts in medicine psychology and anthropology join Loftus to show why when this test is applied to Christianity it becomes very difficult to rationally defend Collectively these articles reveal that popular Christian beliefs tend to rely on ignorance of the facts Drawing together experts in diverse fields including Hector Avalos Richard Carrier David Eller and Robert Price this book deals a powerful blow against Christian faith **Christianity in the Light of Science** John W.

Loftus,2016-07-26 This anthology of new critical essays written by experts in their fields in honor of the late Victor Stenger examines Christianity using established scientific criteria Where science specifically touches upon the claims of Christianity the authors seek to show those claims lack the required evidence The result is that Christianity is not a sufficiently evidenced religion In his New York Times bestseller *God The Failed Hypothesis* physicist Victor Stenger argued that claims of religion should be subject to the same standards of scientific rigor as any other truth claim Taking this approach the contributors argue that Christianity fails every known scientific test for truth Stenger himself wrote a chapter for this volume before he died In it he presents a brief history of ideas about cosmology showing that Christianity's premodern understanding of the cosmos is incompatible with current scientific evidence regarding the origin and structure of the cosmos Other contributors examine a wide variety of topics including biblical archaeology Intelligent Design the Shroud of Turin free will the existence of the soul the efficacy of petitionary prayer and more This challenging work is indispensable reading for both skeptical readers and open minded people of faith

The Illusion of Certainty James T. Houk,2017-12-05 In this examination of religion's influence on society an anthropologist critiques fundamentalism and all mindsets based on rigid cultural certainties The author argues that the future can only be safeguarded by a global humanistic outlook that recognizes and respects differing cultural perspectives and endorses the use of critical reason and empiricism Houk coins the term culturalism to describe dogmatic viewpoints governed by culture specific values and preconceived notions Culturalism gives rise not only to fundamentalism in religion but also stereotypes about race gender and sexual orientation Turning specifically to Christian fundamentalism the author analyzes the many weaknesses of what he calls a faith based epistemology particularly as such thinking is displayed in young earth creationism the reliance on revelation and subjective experiences as a source of religious knowledge and the reverence accorded the Bible despite its obvious flaws As he points out the problem with such cultural knowledge generally is that it is non falsifiable and ultimately has no lasting value in contrast to the data based and falsifiable knowledge produced by science which continues to prove its worth as a reliable source of accurate information

Concluding that there is no future to the fundamentalist mindset in a diverse world where religion often exacerbates conflicts he makes a strong case for reason and mutual tolerance

Christian Beliefs and Anti-Semitism Charles Y. Glock, Rodney Stark,1966 A scientific study of the ways in which the teachings of Christian churches shape American attitudes toward the Jews Cover

*Catholic Spirituality and the History of Religions* Denise Lardner Carmody,John Carmody,1991 Offers a balanced view of how Catholics should regard the contribution of other religions to their own spirituality

Philosophy of Religion Michael L. Peterson,2010 Incorporating ten new readings and expanded pedagogical features the fourth edition of

Philosophy of Religion Selected Readings is the most complete and economically priced introductory anthology in the philosophy of religion It presents seventy eight selections more than any other collection organized into fourteen thematic sections providing instructors with great flexibility in organizing their courses Addressing both classical concepts and a host

of contemporary issues the readings cover all of the standard subjects including religious experience divine attributes theistic arguments the problem of evil and miracles as well as more recent topics like reformed epistemology process theism the kalam cosmological argument the religion science controversy religious ethics and the diversity of world religions While it deals primarily with the Western and analytic traditions in philosophy the book also incorporates readings representing continental feminist and Asian perspectives The fourth edition offers enhanced pedagogy including substantially expanded section introductions numerous new glossary terms and updated suggestions for further reading It also provides ten new selections including pieces by Daniel Dennett Stephen T Davis and Gottfried Leibniz and work on various issues in religion and science by William Dembski Philip Kitcher John Lennox and John Polkinghorne As in the previous edition study questions appear at the end of each selection An excellent stand alone text for courses in the philosophy of religion *Philosophy of Religion Selected Readings Fourth Edition* is also a perfect companion to the editors textbook *Reason and Religious Belief Fifth Edition* OUP 2012 as the two books share the same topical organization

**International Journal of Religious Education**, 1966 *Religious Freedom and the Supreme Court* Ronald Bruce Flowers, Melissa Rogers, Steven Keith Green, 2008 It is clear relevant and an essential text for the twenty first century *Religious Liberty in the Supreme Court* Terry Eastland, 1993 How real is the separation of church and state Eastland introduces and summarizes over 25 of the most important rulings of the Supreme Court affecting religious liberty from 1940 to 1992 He also includes varied contemporary editorial responses from The New York Times The Washington Post Christian Century Commonweal and The New Republic

**Clergy Malpractice in America** Mark A. Weitz, 2001 Examines the nation's first widely publicized case involving the concept of clergy malpractice and the questions it raised regarding separation of church and state free exercise of religion and state regulation of non professional counseling *Unorthodox London, Or, Phases of Religious Life in the Metropolis* Charles Maurice Davies, 1875 **Religious Liberty in America** Bruce T. Murray, 2008 A nation founded on church state separation is still debating where the line is drawn In recent years a series of highly publicized controversies has focused attention on what are arguably the sixteen most important words in the U S Constitution Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof The ongoing court battles over the inclusion of the words under God in the Pledge of Allegiance the now annual cultural quarrel over Merry Christmas vs Happy Holidays and the political promotion of faith based initiatives to address social problems all reflect competing views of the meaning of the religious liberty clauses of the First Amendment Such disputes as Bruce T Murray shows are nothing new For more than two hundred years Americans have disagreed about the proper role of religion in public life and where to draw the line between church and state In this book he reexamines these debates and distills the volumes of commentary and case law they have generated He analyzes not only the changing contours of religious freedom but also the phenomenon of American civil religion grounded in the notion that the nation's purpose is sanctified by a higher authority an idea that can be traced

back to the earliest New England colonists and remains deeply ingrained in the American psyche Throughout the book Murray connects past and present tracing the historical roots of contemporary controversies He considers why it is that a country founded on the separation of church and state remains singularly religious among nations and concludes by showing how the Supreme Court s thinking about the religious liberty clauses has evolved since the late eighteenth century
