Psychology of Web Design Smashing Magazine,2012 Among the most important ingredients for successful Web designs are creativity planning coding and design skills However many people forget that various psychological factors also play an important role when making design decisions Psychology of Web Design gives you insights on how the human brain deals with different elements colors contrast symmetry and balance Combining the usability guidelines from Maslows pyramid will surely help you design closer to your audiences desires TABLE OF CONTENTS Persuasion Triggers In Web Design Designing For A Hierarchy Of Needs Designing For The Mind 10 Useful Usability Findings And Guidelines 30 Usability Issues To Be Aware Of Designing For Start Ups How To Deliver The Message Across Color Theory For Designers Part 1 Color Theory For Designers Part 2 Color Theory For Designers Part 3 **Searcher** ,2007 The Limits of #MeToo in Hollywood Margaret Tally,2021-07-12 In October 2017 actress Alyssa Milano sparked the MeToo movement The ensuing protests quickly encompassed far more than Harvey Weinstein and the entertainment industry They expressed women s outrage at male workplace behavior in every sector and social class and even helped elect a new generation of women leaders in 2018 But what has been the effect of MeToo in the entertainment industry itself This book traces the movement s influence on the stories being told on changing representations of women s lives and bodies and on the slow changes among the producers who shape the stories Analyzing a wide set of TV and film genres including crime legal and medical dramas comedies horror and reality programming this book covers the complex ways that media respond to social movements They sometimes give voice to brand new or previously silenced stories but just as often make facile references that can blunt the potential for change or even fuel cultural backlash **Now Media** Norman J. Medoff,Barbara K. Kaye,2025-05-06 Now in its fifth edition this book is one of the leading texts on the evolution of electronic mass communication in the last century giving students a clear understanding of how the media of yesterday shaped the media world of today Now Media provides a comprehensive view of the development of media and the subsequent advancements into now digital media Each chapter is organized chronologically starting with print radio and television then moving to the now media of today and finally exploring possibilities for the media of the future Topics include the rise of social media uses of personal communication devices the film industry virtual reality digital advertising and the innovations that laid the groundwork for now media This fully updated fifth edition features new chapters on video games and the business of and careers in now media Discussions on rapidly evolving now media stakeholders such as influencers and YouTubers are included and attention is paid to AI throughout the book This book remains a key text and trusted resource for students and scholars of digital mass communication and communication history alike *Torture and Enhanced Interrogation* Christina Ann-Marie DiEdoardo,2020-02-07 An all in one resource for understanding the issue of torture and enhanced interrogations including their history as an instrument of state power and warfare debates over the morality of their use in different contexts and efforts by human rights

organizations and nations to end torture and enhanced interrogation techniques worldwide Torture and Enhanced Interrogation A Reference Handbook begins with an in depth historical overview of the practice beginning in Ancient Greece and continuing to Guantanamo Bay and beyond After grounding the reader in the historical fundamentals the book examines the most explosive controversies that surround the use of torture and enhanced interrogation techniques like waterboarding to extract information from prisoners or alleged enemies of the state This historical background is supplemented with primary sources that illuminate important torture related laws and international alliances as well as the perspectives of torture survivors and human rights advocates Other features in the book include profiles of notable individuals and organizations associated with the issue annotated bibliography for future research chronology of events and glossary of key terms

**Disruption and Digital Journalism** John V. Pavlik, 2021-10-06 This book offers a timely insight into how the news media have adapted to the digital transformation of public communication infrastructure Providing a conceptual roadmap to understanding the disruptive innovative impact of digital networked journalism in the 21st century the author critically examines how and to what extent news media around the world have engaged in digital adaptation Making use of data from news media content production and distribution both off and online as well as user and financial data from the U S and internationally the book traces how the news media embraced and reacted to key developments such as the invention of the World Wide Web in 1989 and the launch of Google in 1998 Facebook in 2004 and the Apple iPhone in 2009 The author also highlights innovative organizations that have sought to reimagine news media that are optimized for digital online and mobile media of the 21st century demonstrating how these groups have been able to stay better engaged with the public Disruption and Digital Journalism is recommended reading for all academics and scholars with an interest in media digital journalism studies and technological innovation
