Memes Today Deal:

The Playful Politics of Memes Mette Mortensen, Christina Neumayer, 2023-05-22 Memes work as rhetorical weapons and discursive arguments in political conflicts Across digital platforms they confirm contest and challenge political power and hierarchies They simultaneously create social distortion hostility and a sense of community Memes thus not only reflect norms but also work as a tool for negotiating them At the same time memes meld symbolic and cultural elements with technological functionalities allowing for replicability and remixing This book studies how memes disrupt and reimagine politics in humorous ways Memes create a playful activity that follows a shared set of rules and gives a shared voice which may generate togetherness and political identities but also increase polarization As their template travels memes continue to appropriate new political contexts and to re negotiate frontiers in the political The chapters in this book allow us to chart the playful politics of memes and how they establish or push frontiers in various political cultural and platform specific contexts Taken together memes can challenge and regenerate populism carve out spaces for new identity formations and create togetherness in situations of crises They can also however lead to the normalization of racist discourses This book will be of interest to researchers and advanced students of Media and Communication Studies Information Studies Politics Sociology and Cultural Studies It was originally published as a special issue of the journal Information Communication Society

PRACTICAL MONEY ADVICE FOR YOUNG MEN 2.0 Malik McCotter-Jordan, 2021-12-25 I m not suggesting that you fire your boss i e quit your job In fact I advise you to keep your job in this book I have a job That s called having more than one stream of income and I talk about that in this book This is definitely not a BS Tony Robbins personal finance book with over 680 pages about compound interest him shamelessly promoting financial firms that he has an ownership stake in and saving 10% to 20% of your income This is a raw and real book written by a guy who is only a few steps ahead of you That s it I m not a guru This is not a scam I put my heart and soul into making this I wrote this book as if it was for the 18 year old me Anyone who leaves a review saying that this book lacks realistic actionable advice is just plain wrong I even did what most of these personal finance authors don t have the guts to do I talk about my personal life and the mistakes I made that cost me thousands of dollars That s why this genre is called personal finance right I get really personal Some might say it s too personal If you re a young man who is tired of being broke living paycheck to paycheck not owning any assets being clueless about taxes and not being able to get ahead in the United States then this is the book for you I started off as a poor black boy in a small town in Alabama on section 8 I currently have a 6 figure net worth If I can do it you can too Buy this book today

The Mediated Climate Adrienne Russell, 2023-08-08 To what extent does journalism deserve blame for the failure to address climate change over the last thirty years Critics point out that climate coverage has often lacked necessary urgency and hewed to traditional notions of objectivity and balance that allowed powerful interests mainly fossil fuel companies to manufacture doubt Climate journalism however developed alongside the digital media landscape which is characterized by

rampant misinformation political polarization unaccountable tech companies unchecked corporate power and vast inequalities Under these circumstances journalism struggled and bad actors flourished muddling messages while emissions mounted and societies struggled to avert catastrophe The Mediated Climate explores the places where the climate and information crises meet examining how journalism activism corporations and Big Tech compete to influence the public Adrienne Russell argues that the inadequate response to climate change is intertwined with the profound challenges facing the communications environment She demonstrates that the information crisis is driven not only by technological changes but also by concentrated power that predates the rise of digital media companies Efforts to improve climate coverage must take into account the larger social and material contexts in which journalism operates and the broader power dynamics that shape public discourse Drawing on interviews with journalists and activists Russell considers the ways recent movements are battling misinformation She offers timely recommendations to foster engagement with climate issues and calls on readers to join in efforts to reshape the media landscape to better serve the public interest

The Global Century: Introduction: dealing with diverse trends Richard L. Kugler, Ellen L. Frost, 2001 *Online Virality* Valérie Schafer, Fred

Pailler, 2024-08-19 The book *Online Virality* edited by Valérie Schafer and Fred Pailler C2DH University of Luxembourg aims to provide a comprehensive examination of online virality It explores the many ways we can think about this modern phenomenon and analyse the circulation reception and evolution of viral born digital content Virality and content sharing always intertwine material infrastructural visual and discursive elements This involves various platforms stakeholders intermediaries social groups and communities that are constantly re defining themselves Regulation curation and content moderation politics as well as affects and emotions fears humour empathy hatred are also at the core of online virality The publication offers an interdisciplinary overview on online virality by including different types of scientific inputs such as precise case studies various methodological approaches including close and distant reading visual studies discourse analysis etc as well as historical and socio technical analyses The book is organised around three main topics Expressions and Genres Mobilisations and Engagements Circulation and Infrastructures The first part explores the semiotics of virality the diverse and creative forms of expression specific genres the relation to other media and the affective side of virality such as using humour or provocation The second part focuses on the political dimension of memes and viral content and their use in the context of controversy or political and ideological opposition Finally the third part delves into the often understudied but essential side of virality by examining the role of platforms and their curation in short the infrastructural dimension of virality These three parts allow us to question such fundamental notions linked to virality as among others circulation reception economy of attention instrumentalisation and affect This volume brings together authors from various disciplines including semiotics history information and communication sciences computer science digital humanities media studies In addition the contributors approach the question via case studies that allow for a perspective that is not exclusively US and European

centred Some chapters explore virality in Brazil Chile while the book also examines a wide variety of platforms YouTube Twitter Instagram TikTok video game platforms etc Psychology Today ,1969-10 **Environmental Communication and the Public Sphere** Phaedra C. Pezzullo,Robert Cox,2021-04-22 The best selling Environmental Communication and the Public Sphere provides a comprehensive introduction to the growing field of environmental communication This groundbreaking book focuses on the role that human communication plays in influencing the ways we perceive the environment Authors Phaedra C Pezzullo and Robert Cox examine how we define what constitutes an environmental problem and how we decide what actions to take concerning the natural world The Sixth Edition explores recent events and research including fast fashion global youth climate strikes biodiversity loss disability rights advocacy single use plastic ban controversies and the COVID 19 pandemic *New Age Journal* ,1990 *Mainstream* ,1994 **ISSE 2011 Securing Electronic Business Processes** Norbert Pohlmann,Helmut Reimer,Wolfgang Schneider,2019-06-07 This book presents the most interesting talks given at ISSE 2011 the forum for the inter disciplinary discussion of how to adequately secure electronic business processes The topics include Cloud Computing Enterprise Security Services Awareness Education Privacy Trustworthiness Smart Grids Mobile Wireless Security Security Management Identity Access Management eID eGovernment Device Network Security Adequate information security is one of the basic requirements of all electronic business processes It is crucial for effective solutions that the possibilities offered by security technology can be integrated with the commercial requirements of the applications The reader may expect state of the art best papers of the Conference ISSE 2011

Thinking Politics Leslie Paul Thiele,2003 The second edition of this intellectually and practically engaging book includes a valuable new section on justice and updated material throughout While integrating the insights of ancient modern and postmodern political thought Thiele offers a thorough exploration of the art and craft of political theory **Koshi Yomuti** Christine Polzin,2006 **Studies in Sikhism and Comparative Religion** ,2006 **Analog Science Fiction/science Fact** ,1987-07 **The Impact of Front-end Usability Guidelines on Consumer Evaluations of E-commerce Web Pages** Anshu Agarwal,2007 *Books and Bookmen* ,1976 **Bibliotheca Americana** John Russell Smith,1871 Tropical Agriculturist and Magazine of the Ceylon Agricultural Society ,1882 *The Hidden Psychology of Social Networks: How Brands Create Authentic Engagement by Understanding What Motivates Us* Joe Federer,2020-09-15 From the former Head of Brand Strategy at Reddit comes a proven and thought provoking approach to the digital economy and how brands can create authentic engagement that is rooted in the fundamental motivations behind human psychology Leading marketing practitioner and thought leader Joe Federer draws on evolutionary biology anthropology neuroanatomy and psychology as well as more than a decade of hands on experience to explain why people act so differently in various online spaces and what they are seeking from participating in each one With a framework based on Freud s Id Ego and Superego model of the human psyche he demonstrates how the internet is a digital reflection of the collective human psyche

and how different social networks correspond to different mindsets platforms like Reddit to the unfiltered Id Facebook and Twitter to the managed Ego and Instagram to the ideal Superego In the same way you behave differently when you re home alone out with friends communicating with family or interacting with coworkers people act and express themselves differently in these various online spaces Context matters Understanding this will enable you to develop and execute effective engagement strategies to reach your target audiences on each social network Learn how to create content that drives sharing and word of mouth how brands can fit natively into different types of social channels how to balance branded social presences across different networks why authenticity will only grow in importance to consumers Fascinating and deeply compelling The Hidden Psychology of Social Networks will equip you to make vastly more efficient use of your media buys establish more thoughtful strategies develop better creative and in the end deliver more effective marketing that provides value
