**Out of the Tub** Carol A. Josel, 2024-10-11 Say the name William Howard Taft and those who recall him at all will say he was the fat president who got stuck in a tub But did that even happen More importantly how did his need for approval and pleasing others propel him first into a legal career and then despite hating politics pull him into the White House and beyond Find out too about the three most influential people in his life his strict legal minded father Alphonso ambitious wife Nellie determined to one day be First Lady and closest friend of all Theodore Roosevelt who ultimately mocked and betrayed him At its heart *Out of the Tub* is a story of great love conflict sacrifice and service a personal behind the scenes look at Big Bill whose goodwill hearty laugh and good humor endeared him to the public the many events and choices that shaped his life Both progressive and conservative in his thinking he stood firmly behind the Constitution and the rule of law earning him both applause and criticism Admittedly thin skinned the many harsh words hurled his way hurt deeply but didn't stop him No wonder then that in the end *The New York Times* described him as the most human President who ever sat in the White House
