### **Ousmane Sembene Pronunciation:**

*Ousmane Sembène* Samba Gadjigo, 2010 Samba Gadjigo presents a unique personal portrait and intellectual history of novelist and filmmaker Ousmane Sembène Though Sembène has persistently deflected attention away from his personality his life and his past Gadjigo has had unprecedented access to the artist and his family This book is the first comprehensive biography of Sembène and contributes a critical appraisal of his life and art in the context of the political and social influences on his work Beginning with Sembène's life in Casamance Senegal and ending with his militant career as a dockworker in Marseilles Gadjigo places Sembène into the context of African colonial and postcolonial culture and charts his achievements in film and literature This landmark book reveals the inner workings of one of Africa's most distinguished and controversial figures

**Ousmane Sembene and the Politics of Culture** Lifongo J. Vetinde, Amadou T. Fofana, 2014-11-12 Undoubtedly one of Africa's most influential first generation of writers and filmmakers Ousmane Sembène's creative works of fiction as well as his films have been the subject of a considerable number of scholarly articles The schemas of reading applied to Sembène's oeuvre novels short stories and films have in the main focused either on his militant posture against colonialism his disenchantment with African leadership or his infatuation with documenting the past in an attempt to present a balanced and nuanced view of African history While these studies unquestionably contribute to a better understanding of his works they collectively ignore Sembène's relentless preoccupation with culture in his entire career as a writer and filmmaker The collection of essays in *Sembene and the Politics of Culture* sets out to fill that gap as the contributors at once foreground Sembène's fixation on the centrality of culture in the articulation of the discourse of national consciousness and reevaluate his intellectual and artistic legacy within an overarching framework of African liberation The contributors critically reassess the ideological underpinnings of Sembène's thoughts his role as one of the foundational pillars of African cultural production and his relevance in current discourses of nationhood They do so through a wide variety of interdisciplinary approaches that draw on linguistics feminist theory film theory historiography Marxist criticism psychoanalysis and a host of other approaches that give novel insights in the critical analysis of the works under study In the part entitled *Testimonies* a collection of conversations with people who worked closely with Sembène each of the interlocutors provide illuminating insights into the man's life and work The variety of themes and critical approaches in this critical anthology will certainly be of interest not only to students and scholars of African literature and cinema at various levels of intellectual and cultural sophistication but also anyone interested in the analysis of the nexus between power culture and the discourse of liberation

**African Film** Josef Gugler, 2003 In *African Film Reimagining a Continent* Josef Gugler provides an introduction to African cinema through an analysis of 15 films made by African filmmakers These directors set out to re-image Africa their films offer Western viewers the opportunity to re-imagine the continent and its people As a point of comparison two additional films on Africa one from Hollywood the other from apartheid South Africa serve to highlight
