The Making of Modern Economics Mark Skousen, 2016-01-08 This book presents a bold engaging and updated history of economics the dramatic story of how the great economic thinkers built today's rigorous social science Noted financial writer and economist Mark Skousen has revised this popular work now in its third edition This comprehensive yet accessible introduction to the major economic philosophers of the past 225 years begins with Adam Smith and continues through the present day The text examines the contributions made by each individual to our understanding of the role of the economist the science of economics and economic theory Boxes in each chapter highlight little known and entertaining facts about the economists personal lives that had an influence on their work

Outsourcing Management Information Systems Schniederjans, Ashlyn, Schniederjans, Dara, Schniederjans, Marc, 2006-09-30 This book balances the positive outcomes of outsourcing which have made it a popular management strategy with the negative to provide a more inclusive decision it explores risk factors that have not yet been widely associated with this strategy It focuses on the conceptual what why and where aspects of outsourcing as well as the methodological how aspects Provided by publisher

Economic Stories For Undergrads Annavajhula J. C. Bose, 2022-05-10 Economics is the strangest and most dubious as also frustrating animal of social sciences and humanities The debate on what it is and what its strengths and weaknesses are in understanding and changing the economy and society for the better is never ending This book cuts through this noise for econ undergrads with social concerns It is crafted to be stuffed with peripatetic hops skips and intellectual and emotional jumps about the nature and character of the brain circuits of economics in terms of its methodological political sociological anthropological historical feminist ethical ecological spiritual literary technical corporate and other underpinnings Diverse stories are told as alerts or nudges for the undergrads who as aspirant youth have in general hyperbolic discounting attitude towards social change The mind and heart of the undergrad reading this book will hopefully be ignited so as to endeavour to find out the purpose of economic education and how economics should be learnt in order to rectify the failures of our current socio economic system The seriously academic undergrad may also be inspired to pursue the long range objective of doing integrated studies and research for maximised understanding and holistic policy making which is of course easier to say than do
