Everything you need to know in a condensed and structured independent study guide specifically designed to prepare you in successfully passing the National Licensing Exam in Marital and Family Therapy. This innovative approach to effective and efficient preparation is tailored to the new format of the National Exam which is now far more application based than knowledge based. As other manuals contain up to 1,200 pages of text covering the entire field of Family Therapy in great detail, this author has condensed the same information down to the bare essentials of what is needed to pass the exam. This is not meant to serve as a thorough review of everything you already learned in graduate school.
