In-Between Things Teju Adisa-Farrar, 2012-08 In between Things A book of poetry stories of identity and interpreting society is an anthology of poems creative non fiction pieces essays and social commentary written by the young writer and aspiring scholar activist Teju Adisa Farrar This book maps the progress of her ideas throughout her last year of high school and first few years of college Starting with pieces of her life and memories from childhood the book starts off as a creative biography As the book continues on it develops into an array of writings on the author s feelings about love social issues and histories The author shares her intimate thoughts along side old new and developing beliefs and theories about the society she lives in and the world we are all apart of While the author does not hold all these ideas as true anymore she wanted to map out and explore how growth is a creative process that does not mean we are becoming someone different rather that we are learning more about the essence we were always meant to grow into In this book she uses various types of written form to understand her own identity as it relates to her own stories and her expanding understanding of the world This anthology combines identity and interpretation in a way that helps us discover the stories in Adisa Farrar s mind The free flowing nature of the book allows each piece to be new and of it s own but add to a larger story of the world as seen through the eyes of a young adult who s passion is endless and boundless **Numbskull** Thomas Cody Mullenau, 2009-08 *What's Behind the Veil?* Magenta C.
