## **Injury Report 2025:**

**School Violence and Primary Prevention** Thomas W. Miller, 2023-01-01 This important new work covers clinical issues in treating victims of school violence and assessing children with the potential for violence. The editor also examines the effectiveness of prevention intervention programs and offers larger policy recommendations. The book looks at environmental factors such as cultural issues on behaviors from bullying to mass school shootings. And uniquely the book delves into topics such as sexual boundaries and body image. In all this book aims for a theoretical and applied picture of the current state of school violence and prevention.

**Comprehensive Neonatal Nursing Care** Carole Kenner, Marina V. Boykova, 2026-02-15 Global expertise and evidence based guidance for neonatal care professionals. This essential resource delivers a comprehensive physiologic and pathophysiologic approach to neonatal care authored by internationally recognized leaders in the field. It equips clinicians with the latest research clinical strategies and integrative management techniques to support high quality care for newborns and their families. The seventh edition reflects the evolving global landscape of neonatal nursing emphasizing developmental care, family integration and emerging technologies. Additional chapters and resources are available online expanding the depth and accessibility of this trusted reference. Designed for both bedside practitioners and advanced practice nurses this edition supports clinical decision making through detailed system based coverage, evidence based interventions and interdisciplinary perspectives. It also addresses the growing need for global standards in neonatal care offering insights into international protocols, ethical considerations and competency based education. Whether used in academic settings or clinical environments this resource fosters excellence in neonatal outcomes and professional development. What's New: New chapters on Neonatal Abstinence Syndrome and Trauma Informed Care in the NICU. New chapter on the Newborn or Infant Transplant Patient. Expanded coverage of Sudden Infant Death Syndrome (SIDS) and developmental care standards. New content on artificial intelligence in diagnostics and climate change impacts. Updated guidance on couplet care, neurobehavioral development and family support. Key Features: Covers every neonatal body system with physiologic and embryologic foundations. Supports development of core competencies and evidence based clinical decision making. Includes case studies, QSEN aligned safety content and stories from the voice of the parent to provide a different perspective on neonatal care. Authored by a globally respected team of neonatal nursing experts.
