*Methodology and Method in History (RLE Accounting)* Lee Parker,Finley Graves,2013-12-04 This bibliography provides the reader with a comprehensive reference tool that will enhance understanding of methodological issues and enable the user to employ research methods appropriate to their subject of study It also provides accounting historians a comprehensive data base for the development of papers addressing methodological issues in an accounting history context Access to this type of resource is particularly crucial to the development of accounting history research since the number of papers dealing with methodological issues published in accounting history literature is very small Hence the references in this bibliography are drawn from the literature of general history economic and business history legal and social history and philosophy The scope and range of its contents are broad references are taken from texts as well as papers published in over 450 journals

**A New Approach to Management Accounting History (RLE Accounting)** H. Johnson,2013-11-26 The articles and papers reprinted in this volume all written after 1970 represent a departure from the earlier conventional notion of accounting history research They approach the study of management accounting history by regarding the accounting and business records of actual organizations as indispensable source materials for historical analysis Analysis of these records has yielded a new conception of management accounting These studies suggest that the forces contributing to management accounting s development are more numerous and complex than historians had realized The case studies in the first part of the book trace the historical development of virtually all the internal accounting practices associated today with management accounting Those in the second section consist of articles which interpret the case material      **Management Audit**

**Approach in Writing Business History (RLE Accounting)** Allen L. Bures,2013-12-04 This study adds both knowledge and method in the writing of business history The author proposes that a preliminary management audit can be devised and utilized to gather data analyse and compare longitudinally the quality of management existing in organizations This book modifies a methodological tool for measuring analysing and comparing managements to aid in the writing of business history It establishes criteria and examples of excellent management from a sample of the USA s first large scale organization the railroads Prior to the 1870s the railroads were the only big business in the USA and the early ones emerged as a managerial problem which made obsolescent traditional structures and concepts and required effective management      *A New*
