Smart Technology for Training Wayne D. Gray,1985 **Ziff Davis Smart Business** ,2002-02 *Left to Their Own Devices* Julie M. Albright,2019-04-16 A sociologist explores the many ways that digital natives interaction with technology has changed their relationship with people places jobs and other stabilizing structures and created a new way of life that is at odds with the American Dream of past generations Digital natives are hacking the American Dream Young people brought up with the Internet smartphones and social media are quickly rendering old habits values behaviors and

norms a distant memory creating the greatest generation gap in history In this eye opening book digital sociologist Julie M Albright looks at the many ways in which younger people facilitated by technology are coming untethered from traditional aspirations and ideals and asks What are the effects of being disconnected from traditional stabilizing social structures like churches marriage political parties and long term employment What does it mean to be human when one's ties to people places jobs and societal institutions are weakened or broken displaced by digital hyper connectivity Albright sees both positives and negatives On the one hand mobile connectivity has given digital nomads the unprecedented opportunity to work or live anywhere But new threats to well being are emerging including increased isolation anxiety and loneliness decreased physical exercise ephemeral relationships fragmented attention spans and detachment from the calm of nature In this time of rapid global technologically driven change this book offers fresh insights into the unintended societal and psychological implications of lives exclusively lived in a digital world **Cut Your Utility Bills in Half** James T.
