,2009 **Descriptions of physiognomies in English fiction from realism to modernism** Mirjam Marits,2003-11-28 Diploma Thesis from the year 2003 in the subject Didactics for the subject English Literature Works grade very good University of Graz Institute for Anglistics language English abstract 1 Introduction Descriptions of physiognomies in English literature and their significance It is a fascinating phenomenon that whenever we meet another person for the first time we unconsciously and immediately judge him or her by merely looking at the person's face Although we may call ourselves the most tolerant people free of prejudices we cannot help thinking a person likeable or not right away by the first visual impression we get without ever having talked to him or her Even though we know that a correspondence of physiognomic and inner traits has never been convincingly or scientifically proved it is unquestionable that most of us are impressed and influenced by visual data we receive from our fellow human beings faces In the course of history and thus of literature people have repeatedly tried to come to terms with this phenomenon and to find explanations as well as definitions that may help to face and deal with physiognomy in everyday life Apparently it has always been and still is people's wish to read in other faces so as to facilitate contact and to know how to judge characters That this desire is not new can be seen by the fact that even Pseudo Aristotle set up very questionable highly racist and sexist rules according to which one could categorise faces and thus know what kind of character is hidden behind the surface Today nobody relies on his writings anymore which

categorised people among other factors by establishing an analogy between animals and human beings According to the author those who had certain traits that were seen as resembling certain animals were considered to have the respective animal's inner traits as well as in the following examples Die Menschen mit dicken Lippen wobei die obere weiter vorsteht als die untere sind dumm siehe die Esel und Affen Die eine kleine Stirn haben sind ungebildet siehe die Schweine 1 In English literature the question of whether there is an indexical or arbitrary connection between inner and outer traits has been approached in many different ways which cannot be analysed in detail here In a large number of older texts descriptive passages containing physiognomic hints were not included which points to a certain disinterest in this field of explanations as well as in visual details in general 1 Pseudo Aristoteles 300v Chr 1999 Physiognomica bers u kommentiert von Sabine Vogt Berlin Akademie Verlag 26f 2006 *Novel & Short Story Writer's Market* ,2005 **Right Book, Right Time** Agnes Nieuwenhuizen,2007-09-01 An eclectic and voracious compilation of more than 500 reading suggestions for teenagers this reference contains a wide range of books with an international scope With recommendations for scary funny and sad books this collection offers choices to suit every mood and moment and to satisfy all kinds of readers whatever their tastes and interests The entries link many different books authors and media together and connect classics to pop culture An adventurous guide to exploring exciting genres styles topics and themes this resource inspires a love for reading 2007 *Novel & Short Story Writer's Market* Lauren Mosko,2006 Lists addresses and information on contacts pay rates and submission requirements and includes essays on the craft of writing **Kaapse Bibliotekaris** ,2011 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957 **Library Journal** ,2009 **Online Access** ,1996 **Literature and the Web** Robert Rozema,Allen Webb,2008 Read the technology book that's about the content not the computer Literature and the Web is a thoughtful nuts and bolts guide for any English teacher looking for effective tools to boost readers engagement and improve their responses to literature **Internet Activities for Language Arts** Mari Lu Robbins,1999
