Open Secret Versions Of Rumi:

Open Secret ,1999-09-21 These quatrains and odes reveal a most human and accessible side of the great poet and mystic They are the personal records of one man s encounter with the Divine **Philosophy and Art in Gurdjieff's Beelzebub** Anna T. Challenger,2021-07-26 This book demonstrates that the most forceful contribution to George Gurdjieff s world view is Sufism understood as the tradition of seeking truth wherever it can be found especially at the meeting place of the world religions Gurdjieff s masterpiece Beelzebub s Tales to His Grandson is philosophically analyzed in its use of literary devices to jolt the reader into radical transformation **Soulcraft** Bill Plotkin,2003 Since 1980 depth psychologist Bill Plotkin has been guiding women and men into the wilderness the redrock canyons and snow crested mountains of the American West but also into the wilds of the soul He calls this work soulcraft There s a great longing in all people to uncover the secrets and mysteries of our individual lives to find the unique gift we were born to bring to our communities and to experience our full membership in the more than human world This journey to soul is a descent into layers of the self much deeper than personality a journey meant for each one of us not just for the heroes and heroines of mythology A modern handbook for the journey Soulcraft is not an imitation of indigenous ways but a contemporary nature based approach born from wilderness experience the traditions of Western culture and the cross cultural heritage of all humanity Filled with stories poems and guidelines Soulcraft introduces over 40 practices that facilitate the descent to soul including dreamwork wilderness vision fasts talking across the species boundaries council self designed ceremony nature based shadow work and the arts of romance being lost and storytelling **Heart of Listening** Hugh Milne,1998 This deluxe hardcover editions contains both Volume I and II of The Heart of Listening Milne a third generation Scottish osteopath begins by explaining the visionary approach to healing and how it may be applied to the realm of craniosacral work He explains the importance of meditation centering and the cultivation of heartfulness in the development of compassionate practice Milne introduces the reader to the story of visionary work its genesis evolution philosophy and practice and explains how a grounding in meditation sensitive touch and intuitive perception can lead to a remarkable unfoldment in skill development In the second volume Milne details the anatomy physiology energetics and techniques that are the essential core of visionary craniosacral work His particular genius lies in his ability to weave a delicate tapestry of narrative poetry and scientific fact into a fascinating and insightful exposition of the visionary healing arts **The Quatrains of Rumi** Jalāl al-Dīn Rūmī (Maulana),2008 This is the first complete translation of the nearly 2 000 quatrains attributed to Jalaluddin Rumi the famous 13th century mystical poet It is the result of over 22 years of collaboration by an American Rumi scholar and an Afghan scholar of Persian literature It should appeal to a wide variety of lovers of Mawlana Rumi s poetry not just specialists general readers who seek a deeper understanding of his spiritual teachings than popularized books often interpretive versions claimed as translations can provide as well as those interested in religious mysticism in general and Islamic mysticism sufism

in particular The quatrains are ordered according to stages and themes of the lover and beloved spiritual disciple and sufi master Most of the translations are followed by explanatory notes those intended for the general reader have asterisks and often refer to the Notes an appended glossary Readers who have access to previously published translations and versions of the quatrains can use the appended Concordance to make comparisons Quatrains in the earliest manuscripts that have been found to be composed by earlier poets have been identified and placed in another appendix Few of the quatrains have been previously translated by scholars the quatrains in popularized books are often distorted versions mostly rendered by authors who do not know Persian those who do often tend to omit change or add Here the poems are presented in the context of the Islamic sufi poetry in the Persian language 800 years ago wine and drunkenness do not involve alcoholic intoxication but are metaphors for the mystical taste of spiritual grace and ecstasy The lover s longing and self effacing love is not romantic but spiritual love of the seeker for his sufi guide This love is a means to the goal of pure worship of God Most High the only Beloved that necessitates self effacement and mystical drowning in the reality described in the Qur an Everything perishes except His Face
