Opera Manual

Terry C. Jones

Opera Manual:

The Opera Manual Nicholas Ivor Martin, 2013-10-30 You are getting ready for a performance of Donizetti's *L'elisir d'amore* and you have a few questions: How many clarinets are in the orchestra? How many orchestra members appear onstage? How many different sets are there? How long does the opera typically run? What are the key arias? Are any special effects or ballet choreography required? Who owns the rights? Where was it premiered? What are the leading and supporting roles? The *Opera Manual* is the only single source for the answers to these and other important questions. It is the ultimate companion for opera lovers, professionals, scholars, and teachers, featuring comprehensive information about and plot summaries for more than 550 operas, including every opera that is likely to be performed today, from standard to rediscovered contemporary works. The book is invaluable especially for opera professionals who will find everything they need for choosing and staging operas. But it is also a treasure for listeners. Similar reference books commonly skip over scenes and supporting characters in their plot summaries, lacking even the most basic facts about staging, orchestral and vocal requirements. The *Opera Manual*, based on the actual scores of the works discussed, is the only exhaustive, up-to-date opera companion, a recipe book that will enable its readers to explore those operas they know and discover new ones to sample and enjoy.

The Bookman's Manual Bessie Graham, 1928 **A Manual for the Performance Library** Russ Girsberger, 2006-10-18 The performance librarian is the person responsible for managing, maintaining, and organizing the resources of a performance library. This personnel can now benefit from *A Manual for the Performance Library*, a guide for organizing and operating a library of music performance materials. Music for performance has different needs than music for study. It must be easy to read and understand, and it must be formatted so as not to impede the musician's efforts to interpret the notes into musical sound. This book outlines step by step the ways of acquiring, processing, cataloging, and preparing music for performance. While focusing primarily on music for large ensembles like orchestra and chorus, the author, Russ Girsberger, also includes concepts that apply to wind, jazz, and chamber ensembles. The material is logically organized, detailing information on purchasing or renting music, cataloging and processing scores, numbering, marking, binding, and shelving parts, and preparing and distributing the music for rehearsal or performance. Additional duties such as describing necessary information on preparing concert programs and audition lists, and caring for and preserving the library's holdings, are also covered. The manual concludes with a glossary, an annotated bibliography, and an appendix which features sample forms for cataloging and circulating the library's materials.

Opera Manual, the Central Opera Service Metropolitan Opera, National Council (New York), 1956 [Catalog of Copyright Entries, Third Series](#) Library of Congress, Copyright Office, 1965 The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim, the name of the copyright claimant as given in the application for registration, the copyright date, the copyright registration number, etc. *The Da Capo Opera Manual* Nicholas Ivor Martin, 1997-08-21 The ultimate opera companion for opera lovers, professionals, scholars,

and teachers this book features comprehensive information about and plot summaries for more than 550 operas including every opera that is likely to be performed today Reader's Guide to Music Murray Steib,2013-12-02 The Reader's Guide to Music is designed to provide a useful single volume guide to the ever increasing number of English language book length studies in music Each entry consists of a bibliography of some 3 20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked from early chant to rock and roll and topics important to the various disciplines of music scholarship from aesthetics to gay lesbian musicology **The school board manuals, ed. by a former H.M. inspector of schools**,1873 The London medical recorder,1888

Books and Pamphlets, Including Serials and Contributions to Periodicals Library of Congress. Copyright Office,1968
