Vey, 2014-09-04 A diary is usually a personal record where you write your secrets your innermost thoughts and feelings It s something you keep for yourself something you don t share with others But not this diary The Diary of a Human Target is different from any other because it is not intended to be kept secret on the contrary it is meant to be read by as many people as possible It could be the diary of every person who feels isolated and trapped in a hostile world and can t stay silent any more It reflects a longing for real communication in an uncommunicative society Page by page it exposes the subtle but inexorable war which is continually waged throughout human society as it unfolds the tormented youth of Yvonne Fezarris A free mind who is constantly targeted by visible and invisible evil forces and seeks to know the reason why until she reaches an incredible conclusion **Visual Friendlies, Tally Target: How Close Air Support in the War on Terror Changed the Way America Made War** Ethan Brown, 2024-11-30 Brown has taken an incredibly complex subject and made it

accessible and readable all while retaining the gravity of history and the sheer intensity of these battlefields Airpower became a fundamental warfighting tool in the Global War on Terror and its success depended on the community of JTACs whose experiences populate this important work They are the unsung heroes of the post 9 11 wars America needs to meet David L Goldfein General Ret USAF 21st Chief of Staff With a new century and a new enemy came a new kind of war low intensity and civilian dominated blending austere rural and dense urban environments alike Into this new kind of war the American military launched two invasions against terrorist networks and military rivals relying on airpower close air support CAS at a scale never before seen in combat The Global War on Terror was the CAS war Forward Air Controllers were on the front lines from the very first moments of the war directing airstrikes against enemies in their safe havens safeguarding friendly forces and civilians alike to their utmost and achieving unprecedented success with limited resources This volume captures the heroic accounts of the first Tactical Air Control Party TACPs in Afghanistan and Iraq and how Close Air Support fundamentally reshaped the American war machine in the first five years of the War on Terror *Report of the*
