SALAS,2025-09-22 The following are tips I have learned that could help you make more money better money easier money while working deliveries for DoorDash These tips are not all there are and this is not a guaranteed system to get rich quickly This book is meant as a guide to help you use DoorDash more easily and more financially beneficially I am sure once you get rolling you will learn more tricks to add to this These tips and tricks apply to me in my area Your area may be different but a lot of what I have learned applies all the same to most areas I wish you all the best of luck and I pray you all make huge earnings If you have any questions or comments you can reach me at narz salas gmail com I am also on Facebook as Narciso M Salas <https://facebook.com/narciso.m.salas.2025> **What They Won't Tell You: DoorDash, Postmates, Grubhub, and Others** WHO I AM DOES NOT MATTER, BUT WHAT I KNOW DOES!,2019-05-14 This book What They Won t Tell You DoorDash Postmates Grubhub and Others with the subtitle of 24 Things They Tried to Keep Secret from You is about exactly that plus two additional things This is useful and highly valuable information to the consumer the merchants e g stores and restaurants as well as to the independent delivery businesses that make the deliveries to and for consumers and merchants also includes independent transportation businesses who drive people around Platforms like DoorDash Postmates Grubhub

Favor Uber Lyft and so many others like them have chosen to be deceptive in their practices and these 24 things will let you know what those things are So the next time you order using DoorDash or any number of the competing platforms out there you will be a lot more prepared and aware of who and what you're dealing with and how to best get the most from your experience interacting with the delivery businesses Yes this book should help the experience go much better between consumers merchants and independent delivery businesses by now being more aware of what's really going on with these platforms middlemen standing between all of you So whether you are a consumer merchant or independent delivery business driver read this book in its entirety to stop being taken advantage of by these platforms You'll be glad you did [Sarah Wynn-Williams New Book 2025](#)

Sarah Wynn-Williams New Book 2025 Sarah Press, 2025-03-19 Once hailed as a revolution in human connection Silicon Valley's most powerful companies promised to build a better world But behind the sleek interfaces and lofty mission statements lay a different reality one driven by profit power and a troubling disregard for ethics Careless People takes readers deep inside this world offering a firsthand account of what happens when idealism collides with corporate ambition Sarah Wynn Williams a former insider at Facebook reveals the inner workings of a company that started with the dream of connecting the world but became entangled in controversy deception and unchecked influence From the excitement of joining a tech giant to the sobering realization of its moral compromises she unpacks the tensions between innovation and accountability the internal struggles over misinformation and political manipulation and the growing chasm between public promises and private actions With unparalleled insight Careless People explores the unchecked power of Big Tech the ethical dilemmas faced by its employees and the consequences of a digital landscape shaped by corporate greed As governments and societies grapple with the fallout of this technological era this book serves as both an expos and a warning an urgent call for greater transparency responsibility and reform in an industry that shapes the modern world **Shadow Scores**

Naim Tahir Baig, 2025-11 BOOK DESCRIPTION Shadow Scores How Western Democracies Are Quietly Building Social Credit Empires Beyond China's Shadow While the West recoils at China's Social Credit System a parallel empire of algorithmic surveillance has emerged in liberal democracies hidden in plain sight marketed as efficiency and silently reshaping the foundations of freedom itself In Shadow Scores investigative journalist Dr Naim Tahir Baig exposes how the United States Europe and India have constructed sophisticated social credit architectures that rival and in some ways exceed the systems they publicly condemn From Uber drivers deactivated by opaque algorithms to welfare recipients flagged as fraudulent by AI from predictive policing tools that amplify racial bias to biometric systems that deny food to the hungry this groundbreaking work reveals the creeping authoritarianism hiding behind the facade of technological progress Drawing on over 100 verified sources including court documents policy analyses and interviews with more than 50 affected individuals Baig meticulously documents how gig economy platforms have become unelected governors how Europe's data protection laws contain dangerous blind spots and how India's massive Aadhaar biometric system has created a digital caste hierarchy He traces the

evolution from 19th century credit ledgers to today's all encompassing behavioral scores revealing how Big Tech's lobbying has systematically weakened regulations designed to protect citizens from algorithmic tyranny. But *Shadow Scores* is more than an exposé; it's a call to action. Through vivid case studies of real people trapped in algorithmic poverty cycles denied justice by biased risk assessments and stripped of privacy by surveillance capitalism, Baig illustrates the profound human cost of allowing private corporations to wield governmental power without accountability. He challenges the techno orientalist narrative that frames China as uniquely dystopian while Western democracies quietly deploy similar tools under the guise of efficiency and innovation. This urgent, accessible investigation draws disturbing parallels between science fiction warnings and present day reality, documenting how the invisible ledger of trust maintained by platforms like Uber, Airbnb, and DoorDash, enforced by welfare fraud detection algorithms and legitimized by inadequate regulation, is fundamentally reshaping democracy itself. As artificial intelligence becomes increasingly embedded in decisions about employment, criminal justice, housing, and social services, the question is no longer whether algorithmic governance will define our future but whether we will reclaim democratic control before it's too late. *Shadow Scores* offers both a wake up call and a roadmap for resistance, highlighting successful legal challenges, worker organizing efforts, and policy frameworks that could restore human dignity in an age of machine judgment. Essential reading for anyone concerned about privacy, inequality, racial justice, labor rights, or the future of democracy in the digital age, this book reveals that the greatest threat to freedom may not come from authoritarian regimes abroad but from the algorithmic empires we're building at home, one score at a time.

[Obey Or Die](#) James R. Donovan, 2025-04-14. What if your app turned against you? What if the world watched you break? In *Drop*, the 2025 breakout thriller that shook SXSW and dominated Reddit, one woman is forced to battle a digital force that knows her better than she knows herself. But this book isn't just about what happened onscreen; it's about what it means off screen. Inside This Must Read Review Book, a psychological deep dive into Violet Gates' mother weapon survivor. The dark genius of *DigiDrop* is the app just code or something more? How Christopher Landon turned paranoia into pulse-pounding cinema. Hidden Easter eggs, Reddit theories, and the questions no one's asking. An interactive quiz: Would you survive the app? Written with film lover's heart and a critic's eye, *Drop* The Movie Breakdown is for cinephiles, tech skeptics, and anyone brave enough to ask: What is your data really worth? Perfect for fans of *Black Mirror*, *Searching*, *Cam*, *The Circle*, *Happy Death Day*. Also great for film students, screenwriters, tech ethicists, and anyone afraid of the "Accept All Cookies" button.

Brené Brown New Book 2025
JANET. RICHARD, 2025-09-23. In a world defined by uncertainty, disruption, and constant change, the old models of leadership no longer hold. *Strong Ground* offers a bold new vision of leadership rooted not in control or perfection but in courage, integrity, and connection. Drawing on powerful insights about vulnerability, resilience, and collective strength, this book redefines what it means to lead in complex times. It explores how to replace the illusion of certainty with the discipline of clarity, build trust, belonging, and cultures of responsibility. Navigate risk, failure, and feedback with courage and humility. Balance ambition with

well being to sustain performance without burnout Embrace unlearning curiosity and adaptation as the path to the future With practical wisdom and inspiring vision Strong Ground equips leaders to stand firm in uncertainty and to lead not above others but alongside them It is a call to daily courage shared resilience and hopeful leadership so we can all stand strong together

Enshittification Cory Doctorow, 2025-10-07

Enshittification it's not just you the internet sucks now Here's why and here's how we can disenshittify it We're living through the Enshittocene the Great Enshitting a time in which the services that matter to us that we rely on are turning into giant piles of shit It's frustrating Demoralizing Even terrifying Enshittification identifies the problem and proposes a solution When Cory Doctorow coined the term enshittification he was not just finding a funnier way to say things are getting worse He was making a specific diagnosis about the state of the digital world and how it is affecting all of our lives and not for the better The once glorious internet was colonized by platforms that made all but magical promises to their users and at least initially seemed to deliver on them But once users were locked in the platforms turned on them to make their business customers happy Then the platforms turned to abusing their business customers to claw back all the value for themselves In the end the platforms die Doctorow's argument clearly resonated Once named it became obvious that enshittification is everywhere so much so that the American Dialect Society named it its 2023 Word of the Year and was cited as an inspiration for the 2025 season of Black Mirror Here now in Enshittification the book Doctorow moves the conversation beyond the overwhelming sense of our inevitably enshittified fate He shows us the specific decisions that led us here who made them and most important how they can be undone At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

Unveiling the Magic of Words: A Report on "**Doordash 2025**"
