Methodist Sunday School Lessons For Children:

Children Matter Scottie May, Beth Posterski, Catherine Stonehouse, 2005-08-31 Explores how the church can better minister to children inside and outside of the Christian education classroom Draws on the Bible psychology and the authors experience in various Protestant traditions *Creating Religious Childhoods in Anglo-World and British Colonial Contexts, 1800-1950* Hugh Morrison, Mary Clare Martin, 2017-01-20 Drawing on examples from British world expressions of Christianity this collection further greater understanding of religion as a critical element of modern children s and young people s history It builds on emerging scholarship that challenges the view that religion had a solely negative impact on nineteenth and twentieth century children or that secularization is the only lens to apply to childhood and religion Putting forth the argument that religion was an abiding influence among British world children throughout the nineteenth and most of the twentieth centuries this volume places religion at the center of analysis and discussion At the same time it positions the religious factor within a broader social and cultural framework The essays focus on the historical contexts in which religion was formative for children in various British settings denoted as Anglo or colonial during the nineteenth and early to mid twentieth centuries These contexts include mission fields churches families Sunday schools camps schools and youth movements Together they are treated as sites in which religion contributed to identity formation albeit in different ways relating to such factors as gender race disability and denomination The contributors develop this subject for childhoods that were experienced largely but not exclusively outside the metropole in a diversity of geographical settings By extending the geographic range even within the British world it provides a more rounded perspective on children s global engagement with religion **Elementary Education Acts** Great Britain.
