Millers Antique Marks:

Miller's Antiques Marks Judith Miller, 2018-01-31 Marks are one of the collector's most important tools when it comes to identifying and dating antiques. Of course it is important to understand that they should never be relied upon completely as many have been copied or faked. What you should rely on is experience. Handle as many antiques as you can and learn to combine your knowledge of marks with the knowledge of how an authentic piece looks and feels. Whether you are buying at auction, flea market or antique shop, this is the book you need to identify and date what you find. More than 6 000 marks are organized for quick at a glance reference with full colour sections on silver, Sheffield plate, bronze, figures, ceramics, glass, costume jewellery, toys and dolls. This comprehensive guide can be kept handy to identify antique finds and value them from a catalogue of the most common marks that you will encounter as well as any unidentified treasures you already own.
