**Emerging Issues in the Global Economy** Silvia Cristina Mărginean, Claudia Ogrean, Ramona Orăștean, 2018-01-11 This proceedings volume provides current research on emerging issues in business economics and finance in the global economy with particular emphasis on Eastern Europe. Featuring selected papers from the 2017 International Economics Conference in Sibiu IECS organized by the Lucian Blaga University of Sibiu Romania the contributing chapters consider new business models theories practices and instruments from advanced and emerging economies in the context of recent global trends. After over 20 years of increasing openness and liberation of the world economy recent events in regions such as Europe USA and Asia have created challenges to the idea of globalization and integration. There is a delay between the real world economic changes and the reflection of such changes in the economic research literature. The 2017 IECS conference and the enclosed papers aim to fill this gap in the study of globalization covering diverse topics such as business administration sustainability corporate social responsibility finance accounting tourism and business informatics

**Higher Education** Paula Hixenbaugh,2006 A great deal has changed since the last book on personal tutoring in higher education appeared a decade ago Mass higher education and resource constraints have put pressures on the traditional models of academic support just when increased student numbers and greater diversity has made the need for one to one and small group learning more urgent Personal Tutoring in Higher Education examines the pressures on traditional models of personal tutoring and sets this against the benefits of greater interaction and engagement to support students as they

make the transition into higher education and progress through it successfully. The contributors offer alternative ways of conceptualising personal tutoring and describe new and effective ways of implementing appropriate support systems at strategic and practical levels. And they discuss the implications for training development and support needs of university staff in this changing environment. The book is essential reading for all managers and tutors in higher education.
