Web Site Measurement Hacks Eric T. Peterson, 2005-08-19 In order to establish and then maintain a successful presence on the Web designing a creative site is only half the battle What good is an intricate Web infrastructure if you're unable to measure its effectiveness That's why every business is desperate for feedback on their site's visitors Who are they Why do they visit What information or service is most valuable to them Unfortunately most common Web analytics software applications are long on functionality and short on documentation Without clear guidance on how these applications should be integrated into the greater Web strategy these often expensive investments go underused and underappreciated Enter Web Site Measurement Hacks a guidebook that helps you understand your Web site visitors and how they contribute to your business's success It helps organizations and individual operators alike make the most of their Web investment by providing tools techniques and strategies for measuring and then improving their site's usability performance and design Among the many topics covered you'll learn definitions of commonly used terms such as key performance indicators KPIs how to drive potential customers to action how to gather crucial marketing and customer data which features are useful and which are superfluous advanced techniques that senior Web site analysts use on a daily basis By examining how real world companies use analytics to their success Web Site Measurement Hacks demonstrates how you too can accurately measure your Web site's overall effectiveness Just as importantly it bridges the gulf between the technical teams charged with maintaining your Web's infrastructure and the business teams charged with making management decisions It's the technology companion that every site administrator needs

[Wine Marketing Online](#) Bruce McGeachan, 2013-10-01 If it seems like small wine businesses are getting crowded out of a vibrant US wine market by retail chains entrenched distributors and established brands there's good news for little guys There's a reason why these massive companies spend a fortune acting small In the new wired realm of marketing and customer relations the qualities that make small businesses distinctive like personalized service deep product knowledge and authentic interest matter more than ever Wine marketing consultant Bruce McGeachan answers the question of how to put those built-in attributes in front of all those online customers with his new book Wine Marketing Online Discover the secrets that successful wine businesses use to market their wines online Learn how to increase your credibility and be seen as an expert by your local customers Generate Traffic to your website using Google Convert that traffic into sales through fine-tuned content and a positive user shopping experience Utilize social media to effectively engage with new and existing customers on your blog Facebook and Twitter Ride the coming wave of mobile websites apps advertising and location-based services like Foursquare and Yelp Analyze your wine eCommerce software options Finally turn one-off orders into repeat loyal customers and last but not least share your enthusiasm for wine and really enjoy your business Wine Marketing Online includes a winery internet marketing and brand plan wine store internet marketing plan wine store financial model and wine competitor and customer research
