The Future of the Professions Richard Susskind, Daniel Susskind, 2022-03-31 This book predicts the decline of today's professions and introduces the people and systems that will replace them In an internet enhanced society according to Richard Susskind and Daniel Susskind we will neither need nor want doctors teachers accountants architects the clergy consultants lawyers and many others to work as they did in the 20th century The Future of the Professions explains how increasingly capable technologies from telepresence to artificial intelligence will place the practical expertise of the finest specialists at the fingertips of everyone often at no or low cost and without face to face interaction The authors challenge the grand bargain the arrangement that grants various monopolies to today's professionals They argue that our current professions are antiquated opaque and no longer affordable and that the expertise of their best is enjoyed only by a few In their place they propose five new models for producing and distributing expertise in society The book raises profound policy issues not least about employment they envisage a new generation of open collared workers and about control over online expertise they warn of new gatekeepers in an era when machines become more capable than

human beings at most tasks With a new preface exploring recent critical developments this updated edition builds on the authors groundbreaking research into more than a dozen professions Illustrated with numerous examples from each this is the first book to assess and question the relevance of the professions in the 21st century *Academic Women* Michelle Ronksley-Pavia, Michelle M. Neumann, Jane Manakil, Kelly Pickard-Smith, 2023-02-09 In this collection both individually and collectively the authors explore the gendering of women s experiences in academia through the lens of narratives of lived experience This is a cogent theme throughout the book reflecting on women s experiences as intersectional always raced classed gendered nuanced and complex Jointly the chapters provide important insights into individual and collective contemporary women s experiences in academia from international perspectives such as gender equity barriers to success and achievement This comprehensive volume provides a reference point for all women and their colleagues working in universities and colleges across the world
