It will be invaluable reading for students of Islamic and Middle Eastern history    **Studies in Honour of Clifford Edmund Bosworth, Volume II** Carole Hillenbrand,2021-11-08 Professor C E Bosworth FBA is a Middle East historian of world stature. In this volume his friends and colleagues come together to honour his 70th birthday. This book ranges widely over time and space but its core is the Islamic culture of Iran and Turkey. The contributors cover topics from the Arab conquest in the seventh century to Turkish and Iranian nationalism in the twentieth century. Special attention is paid to medieval Turco-Persian history an area which lies at the heart of Professor Bosworth's oeuvre. More than half of the articles fall into this category. Moreover five of them focus on that early medieval eastern Iranian world on which he has written so widely. While the emphasis lies squarely on history other fields such as religion literature music art and numismatics are also represented.

Thus the volume offers a conspectus of the cultural contribution of Iran and Turkey to Islamic civilisation     Early Mongol Rule in Thirteenth-Century Iran George Lane,2003-09 This book opposes the way in which for too long the whole period of Mongol domination of Iran has been viewed from a negative standpoint     **Ismailis in Medieval Muslim Societies** Farhad Daftary,2005-12-20 I B Tauris in association with the Institute of Ismaili Studies A comprehensive treatment of Ismaili medieval history in its entirety It will have great appeal to all scholars of medieval Islam Farhad Daftary is one of the world's leading authorities on Ismaili history and literature This important book by an internationally acknowledged expert in Ismaili studies introduces Ismaili history and thought in medieval times Discussing the different phases in Ismaili history it describes both the early Ismailis as well as the contributions of the later Ismailis to Islamic culture A number of chapters deal with key Ismaili individuals such as Hasan i Sabbah Other chapters contextualise the Ismailis within the early Muslim societies in addition to investigating the Ismaili Crusader relations and the resulting legends on the Ismaili secret practices Over the course of the work it becomes clear that Ismaili historiography and the perception of the Ismailis by others in both Muslim and Christian milieus have had a fascinating evolution During their long history the Ismailis have often been accused of various heretical teachings and practices and at the same time a multitude of myths and misconceptions have circulated about them Farhad Daftary here separates myth from fact propaganda from actuality in a work characterised by his customary mastery of the sources and literature     Historical Dictionary of the Ismailis Farhad Daftary,2025-12-11 Designed as a mini encyclopedia this dictionary will serve as first point of reference for information on all the key Ismaili figures concepts institutions and traditions as well as regions of importance in Ismaili history In addition numerous Muslim dynasties and figures with whom the Ismailis have come into contact are included     **The Ismailis in the Colonial Era** Marc van Grondelle,2009 Examines the processes and interactions which led to the modernisation and successful co option by the British government of this comparatively small branch of Shi'a Islam The author poses several key questions regarding the wider developing relationship between movements in contemporary Islam and The West     *Studies in Honour of Clifford Edmund Bosworth, Volume II* Ian Richard Netton,Clifford Edmund Bosworth,Carole Hillenbrand,2000 This collection of studies on Persian and Turkish themes ranges over several disciplines religion literature history art and music but focusses particularly on the eastern Iranian world Ottoman studies and problems of nationalism in early modern Iran and Turkey
