

MD110 PBX Stackable

Ericsson's MD110 business communication systems deliver a new architecture to support new ways of working for an increasingly mobile work force. The MD110 is the world's most advanced PBX system, offering powerful solutions for today's and tomorrow's networks. This unique system combines Ericsson's world-leading expertise in switching, networks and mobile communications to deliver the benefits that users demand.

Based on a modular and distributed architecture, the MD110 provides the foundation for a unified network that supports integrated voice, data and multimedia applications. Because of its distributed architecture, the MD110 provides a high degree of fault tolerance and excellent scalability, from a few hundred to 35,000 or more users in an office, campus or enterprise environment. Full mobility is supported in any configuration and across multiple locations.

Ericsson's MD110 stands out as an exceptional system that prepares you for the future while providing a cost-efficient solution for today's business communication needs. Whatever your requirements, today or tomorrow, there is an MD110 system that will exceed
