the author based on his/her professional experience shares two real cases one success and one failure explaining the background and approach and critically reflecting why his/her initiatives and activities worked or didn't work. They are descriptive of the case context and tools/techniques/methods/approaches followed and include the valuable safety lesson learned. This book is a forum for professionals to express and share with others their knowledge and experience usually found implicitly or hidden under formal and informal practices. **Spills** Great Lakes Science Advisory Board.
