## Concert Tickets Vs Clearance:

**The Economics of the Popular Music Industry** Christie Byun, 2024-04-29 This book uses economic theory to explain how consumers and producers have responded to major changes in the music industry Byun examines the important role of technology in changing its structure particularly as new methods of creating and accessing music prove to be a double edged sword for creators and producers This second edition includes new information about concert attendance and live performance in the COVID era and what followed as well as the resultant economic impacts on the industry Throughout the book Byun questions how the business of music affects creativity and the extent to which this impacts the creative output of the individual artist Chapters also address copyright enforcement and online piracy This is an approachable resource for economists interested in the music industry as well as business and music majors studying the ways in which technology can impact a creative process

Managerial Economics in a Global Economy Dominick Salvatore, 2018-07-13 Reflecting the highly globalized nature of tastes production labor markets and financial markets in today s world Managerial Economics in a Global Economy is ideal for undergraduate and MBA courses in managerial economics Adopting a thoroughly global perspective this text synthesizes economic theory decision science and business administration studies examining how they interact as a firm strives to reach optimal profitability and efficiency in the face of modern constraints
