

## Teacher Cover Letter Template

### How to Use This Template

- The strongest cover letters are personalized, but it's OK to use standard language in the opening and closing paragraphs as shown here.
- Use the body of your letter to share personal accomplishments with supporting details or anecdotes. Add extra body paragraphs if needed, but limit your letter to one page.
- Personalize your letter with language that lets your own personality shine through. This template is a good place to start, but your letter should reflect your own personal communication style.
- After revising and proofreading, copy and paste your final letter into an email to the hiring manager, or save it as a separate document to attach to your application.
