Me and My Place in Space Joan Sweeney,1998 A child describes how the earth sun and planets are part of our solar system which is just one small part of the universe **Drunken Space Pirates!** Phoenix Freebird A.,2009-06-30 Running from a mutinous crew sucked through a wormhole like in a bad sci fi movie and slowly running out of booze and that s just the beginning of this non traditional story that starts off as a simple captain s log book and evolves into something more like a really warped and twisted TV show in text Follow the Captain and crew on a series of seemingly random adventures where it s obvious it s not just the Captain who s been drinking At some point you may ask yourself is all this just coincidence or is there something dark and annoying on the horizon The Captain seems to have a drinking problem the problem being he never has enough to drink and people from his past keep showing up and ruining his buzz Akki a corrupted artificial intelligence who occasionally takes over the Captain s log has his own plans mostly self serving ones because he has nothing better to do The rest of the crew pirates hot chicks robots and a foul beaked little space penguin round out the Drunken Space Pirates and with all the wise cracks and shots aimed at everyone and everything its clear the alcohol flows rather freely within the D S P Many of the off the wall characters of the D S P are walking guilty pleasures who say what they feel do what they want and just generally give it to life pop culture and the universe in general with both barrels and occasionally fish **Children's Books in Print, 2007** ,2006 *Drunken Space Pirates 2: The Asinine Conspiracy. (part one)* Phoenix Freebird A.,2012-12-07 The warped television show in text continues with D S P 2 The Asinine Conspiracy Everything seems to be in turmoil with strange new enemy s threatening not just the D S P but the whole of the Pirates Union and countless worlds across the known universe and possible even further Though it s hardly been a few weeks since the end of Season 1 The Captain drunk as he is assembles his crew once again and heads off to the Bar What You were expecting the Captain to start someplace else Did you read book 1 *The Publishers Weekly* ,2002 **School Library Journal** ,1998 To Hear The Trees Speak Olivia Sprinkel,2025-05-08 A poetically written testimony of our own deep relationship with the natural world and of nature s own resilience Ben Goldsmith Imagine if you could hear the trees speak How would it change your life Your relationship to the world around you This is the story of what happened when the trees whispered me to quit my job leave my life in New York and go on a journey to listen It is the story of what I learnt from ten trees on five continents and the lessons that the trees have for all of us on how to be in a rapidly changing world Olivia Sprinkel was sitting in her office in New York an experienced international sustainability strategy and communications consultant and as a newly single woman she decided she had to make a change in her life and undertake a journey To Hear the Trees Speak Adventures in Listening is the story of her travels to Europe North and South America Australia and South Asia to discover ten of our world s essential trees and their habitats The ten trees range from the banyan and bodhi to the olive giant sequoia and beech Powerfully crafted this is important and accessible nature writing blended with insightful memoir **Non-representational**
