Most importantly, through a detailed examination of various types of unsuccessful trader personality traits e.g. fearfulness, greed and impatience, the book recommends different types of trading systems for a diverse array of trader types. Trading from Your Gut Curtis Faith, 2009-11-30 EARN SERIOUS TRADING PROFITS BY USING YOUR WHOLE BRAIN. Legendary traders like Jesse Livermore, George Soros, Richard Dennis and Steven Cohen use their full range of powers that encompass both instinct and analysis. That's how they made their fortunes and that's how you can too. In *Trading from Your Gut*, Curtis Faith, renowned trader and author of the global bestseller *Way of the Turtle*, reveals why human intuition is an amazingly powerful trading tool capable of processing thousands of inputs almost instantaneously. Faith teaches you how to harness, sharpen, train and trust your instincts and to trade smarter with your whole mind. Just as important, you'll learn when not to trust your gut and how to complement your intuition with systematic analysis. You've got a left brain, analytical and rational. You've got a right brain, intuitive and holistic. Use them both to make better trades and more money. Whole Mind trading: the best of discretionary and system approaches. How winning traders use analysis and disciplined intuition together. How to profit from other traders. Wrong Brain Thinking. Understand other traders without acting like them. How to provide a firm intellectual framework for your trades. What successful traders have discovered about the market's structure and laws. The unique value of intuition in swing trading.
