Media Ocracy Mainstream Controls Political Discourse:

Media-Ocracy Andrew Coulter, 2015-12-17 The main idea to take from this book is that Progressivism is a religion It s a secular humanistic religion in which man as a collective is the God It is governed by a collectivist communitarian ethos which is inimical to everything America stands for As a religion it has dogmas end times prophecy a priesthood and a mission to convert the non believers It exiles the heretics and repudiates the apostates Progressivism uses politicized science or Scientism rather than the scientific method to bolster its claims It uses partisan media rather than objective journalism to advance its narratives at the expense of truth The Routledge Handbook of Political Communication in Ibero-America

Gutsche, Jr., 2015-10-22 Media Control News as an Institution of Power and Social Control challenges traditional and even some radical perceptions of how the news works While it s clear that journalists don t operate objectively reporters don t just cover news but they make it Media Control goes a step further by arguing that the cultural institution of news approaches and presents everyday information from particular and dominant cultural positions that benefit the power elite From analysing how the press operate as police agents by conducting surveillance and instituting social order through its coverage of crime and police action to bolstering private business and neoliberal principles by covering the news through notions of boosterism Media Control presents the news through a cultural lens Robert E Gutsche Jr introduces or advances readers applications of critical race theory and cultural studies scholarship to explore cultural meanings within news coverage of police action the criminal justice system and embedding into the news

democratic values that are later used by the power elite to oppress and repress portions of the citizenry Media Control helps the reader explicate how the power elite use the press and the veil of the Fourth Estate to further white ideologies and American Imperialism Political Discourse in Media A.
