**Considering Comparison** Oliver Freiberger, 2019-01-02 The comparative method is an integral part of religious studies but has been subject to criticism however including postcolonialist and postmodernist critiques Freiberger proposes a model of comparison called discourse comparison that is based on a thorough epistemological analysis and takes both the scholar's situatedness and personal agency seriously

**Exchange Rates and International Finance** Laurence S. Copeland, 2005 Exchange rates and exchange rate fluctuation continue to play an increasingly important role in all our lives Exchange Rates and International Finance fourth edition provides a clear and concise guide to the causes and consequences of exchange rate fluctuations enabling you to grasp the essentials of the theory and its relevance to major events in currency markets The orientation of the book is towards exchange rate determination with particular emphasis given to the contributions of modern finance theory Both fixed and floating exchange rate models and empirical results are explored and discussed

**KEY FEATURES** A clear non technical explanation of the issues emphasising intuitive understanding and interpretation of economic arguments rather than mathematical proofs A balanced summary of the state of our knowledge in this area including explanations of the problems faced by researchers in this field and an indication of what questions remain open Provides a sound overview of empirical evidence without going into intricate detail a springboard for those wishing to delve deeper into the published literature Early chapters explain the basics of demand and supply and basic macroeconomics so those without prior study in economics will find the subject accessible Covers leading edge material including the latest general equilibrium approaches

**NEW TO THIS EDITION** Thoroughly updated to reflect recent events on the world monetary financial scene More included on recent empirical results New chapter on general equilibrium models to cover the latest thinking on more advanced techniques Expanded and up to date coverage of the Euro Extended coverage of recent innovations on the Law of One Price and Purchasing Power Parity New section on the relationship between PPP UIRP and the Fisher equation Suitable for those following a course on international macroeconomics international finance or international money as a part of an economics or business programme at undergraduate MBA or specialist Masters levels
