**Baseball Players' Best Seasons** Michael S. Jones, 2001 More than any other sport baseball is about statistics the numbers do not lie The players who shine in the boxscore are the ones most likely remembered and a single spectacular season can cement a player's place in history This book acknowledges not only the

baseball fan's passion for player to player comparisons but also the tug of team loyalty on the game's enthusiasts. Providing the statistical tools to better gauge the performance of players between teams and through time the work allows Cubs fans for instance to ask and answer whether the best deadball performances by Brown Reulbach and Vaughn should be weighed more lightly than those by pitchers like Alexander Warneke and Jenkins who shined in later more hitter friendly eras. Team by team for both the National and American leagues this reference ranks the best season performances by position in baseball history. A dual ranking system considers both the volume and the rate of success achieved by a player in a particular season with several sabremetric devices forming the basis of the rankings. All Star line ups are compiled for each team as well as a brief history of each team and its players. *Ron Shandler's 2019 Baseball Forecaster* Brent Hershey, Brandon Kruse, Ray Murphy, Ron Shandler, 2019-01-15.
