web jun 2 2011 this paper evaluates the development of a low cost security system using small pir pyroelectric infrared sensor built around a microcontroller which has low computational requirement and is well suited to surveillance industrial applications and smart environments expand view on ieee

*[arduino based security system using passive infrared pir motion sensor](#)* - Oct 08 2023

web feb 1 2021 this research focuses on how to configure a simple home security framework using a pir sensor passive infra red in light of a microcontroller this safety will work if the pir passive infra red sensor recognizes any individual that would not like to go into the house and afterward the micro controller process and instructs a mobile phone to
