People Management Skills in Practice Laurie L. Levesque, 2024-11-07 This practical text covers the essential aspects of managing employees providing relevant and interesting case studies to enable students to develop the management skills and approaches needed at all levels. The book includes a wealth of case studies across industries including public relations, gaming, food service, healthcare and nonprofits, and hailing from several regions and cultures including Australia, the Philippines, US and Taiwan. The five core sections of the text each focus on a specific managerial skillset dilemmas managers face when creating a positive work culture, power and influencing others, conflict within a team, managing a cross-cultural team, and motivating and fostering employee engagement. Within each section short case studies feature real life situations and managers who had to assess and respond to various challenges with subordinates, colleagues or their immediate boss. Each case is supported by a case synopsis, reflective questions and related learning activities. Instructors have access to teaching notes for each case that provide detailed discussion questions, an overview of concepts and their academic references, advanced reading suggestions and activities that can be employed in class or as supplemental learning assignments. Comprehensive and practical, this case textbook is perfect core reading for any postgraduate managerial skills course, MBA, professional qualifications in management and leadership, and degree apprenticeship programmes.

Press Play Bastian Bergmann, 2025-09-09 An eye opening look at the rapidly rising growth of gaming and the companies including Peloton, Burberry, the New York Times, BMW and Chipotle that are using games to win over customers. Today's consumers demand more than products; they crave immersive personalized experiences. As a result, traditional marketing and engagement strategies have lost their edge. The new frontier: Gaming, where over three billion people worldwide spend their time, attention and money. In *Press Play*, Bastian Bergmann, cofounder and COO of Solsten, shows how visionary companies are capitalizing on gaming's unstoppable rise. Drawing on exclusive interviews and access to forward-thinking companies ranging from Adidas and Puma to NASCAR and Unilever, Bergmann provides an insider's view of gaming's transformative power. He also delivers a practical road map for business leaders, offering strategies that range from low-risk partnerships to ambitious full-scale gaming ventures. Filled with cutting-edge insights and behind-the-scenes stories of iconic organizations and groundbreaking startups, *Press Play* will help you understand the lucrative world of video games and enable you to offer your customers what they really crave.

The Metaverse Matthew Ball, 2024-07-23 From the leading theorist of the Metaverse comes the eagerly anticipated revised and updated account of the next internet. What is the Metaverse? What will it take to build it and what does it mean for all of us? A Hudson Booksellers, Amazon, Guardian, Financial Times, Economist and ByteDance Toutiao Best Book of the Year. In this substantially revised and updated edition of his internationally best selling book, pioneering theorist and entrepreneur Matthew Ball goes beyond the hype cycle to present a definitive account of the future of the internet. The Metaverse according to Ball's industry shaping definition is a persistent and interconnected network of

3D virtual worlds that will eventually serve as the gateway to most online experiences and underpin much of the physical world As Ball recounts the Metaverse is a thirty year old term and the core ideas and technologies behind it have been in development for nearly a century Only recently however did this fantastical concept begin to leap from the pages of science fiction and depths of national research labs to the forefront of consumer technology industrial engineering healthcare education dating and more From the history of video games and virtual reality to proto metaverses such as Second Life Fortnite and Roblox to Generative AI and the groundbreaking films and television series of the Walt Disney Company Ball points out that the Metaverse is already emerging around us and doesn't require a headset Still there are many breakthroughs required to fully realize the Metaverse and he describes each in approachable but expert detail Ball also lays out how governmental policy the philosophy of Big Tech leaders artificial general intelligence economics and human rights will shape the development of the Metaverse Famous for his ability to bring clarity to complex and misunderstood topics Ball demonstrates that the race to build the Metaverse also known as the spatial or immersive internet is only accelerating The Metaverse will endure as an indispensable guide for enthusiasts tech aficionados and anyone curious about the profound transformations underway in our increasingly interconnected world
