Holy Yesterday Mythical Tomorrow Ricky Firman, 2025-02-01 From fiery sacrifices to viral memes the divine narrative of humanity has been anything but dull Holy Yesterday Mythical Tomorrow How Religions Become Myth is a bold darkly comedic exploration of the lifecycle of faith and a thought provoking follow up to Ricky Firman's acclaimed book Holy Olympics Religions War for Relevance and Dominance While Holy Olympics tackled the competitive struggle of religions to assert their dominance in a modern world this sequel shifts focus to the inevitable transformation of those same faiths into mythology In this latest work Ricky examines how gods are born from humanity's fears ignorance and creativity only to be retired to the realms of myth when time progress and logic outpace their relevance This book dissects the rise and fall of deities across civilizations from the grandeur of Zeus's thunderbolts to the eerie rituals of Mesoamerican gods and speculates how the gods worshipped today might fare in the distant future With biting wit and incisive commentary Ricky connects the sacred to the satirical revealing the absurdity of divine politics the commodification of faith and the endless human quest for meaning As humanity marches forward with science and technology as its new priests Holy Yesterday Mythical Tomorrow ponders the cosmic irony of how ancient beliefs persist in the age of information The book culminates in a speculative hilarious vision of what the gods of tomorrow might look like in a world ruled by AI aliens and billionaire messiahs Whether you're a skeptic a believer or something in between this book will provoke entertain and challenge your view of religion and its inevitable transformation into myth Because in the end the sacred and the absurd have always been partners in humanity's eternal cosmic joke
