THIS ESCAPIST ROMANTIC READ ABOUT FAMILY LOVE AND FRIENDSHIP FROM THE MILLION COPY AND SUNDAY TIMES BESTSELLING AUTHOR *Michigan Law Review*, 2019 **Core Concepts of Accounting Information Systems** Mark G. Simkin, James L. Worrell, Arline A. Savage, 2020-05-07 Accounting Information systems AIS have become indispensable in the field and this book provides clear guidance for students or professionals needing to get up to speed. Designed to suit a one semester AIS course at the graduate or undergraduate level Core Concepts of Accounting Information Systems explores AIS use and processes in the context of modern day accounting. Coverage includes conceptual overviews of data analytics accounting and risk management as well as detailed discussion of business processes, cybercrime, database design and more to provide a well rounded introduction to AIS. Case studies reinforce fundamental concepts using real world scenarios that encourage critical thinking while AIS at Work examples illustrate complex procedures or concepts in everyday workplace situations. Test Yourself questions allow students to gauge their level of understanding while End of Chapter questions stimulate application of new skills through problems, cases and discussion questions that facilitate classroom dialogue. Practical, current, relevant and grounded in everyday application, this book is an invaluable resource for students of managerial accounting, tax accounting and compliance.

The Zero Transaction Cost Entrepreneur: Powerful Techniques to Reduce Friction and Scale Your Business Dermot Berkery, 2023-08-08 Harness the power of zero transaction costs to ensure long term success in every new business proposition. For many business professionals the daily to do list is hard enough to stay on top of, let alone coming up with the big ideas necessary to take their company or a whole economy to the next level. But if coming up with those ideas or finding start ups that do is your job then The Zero Transaction Cost Entrepreneur is an absolute must read for you. With more than 20 years of experience and an extraordinary record of success stories to his credit, venture capitalist Dermot Berkery has seen thousands of business plans and in these pages he shares the key ingredient these successes stories have in common: Smart transaction cost economics. Simply put, these businesses lower or eliminate transaction costs for their customers. Here's just one of the real world examples you'll find: Blockbuster Video scored big by making movies easily available to rent; that's a reduction in a transactional cost. Netflix then removed another transaction cost: a trip to the store sending DVDs through the mail. They tackled other transaction costs: limited choice and wasted time by moving to streaming. Finding and loosening these transaction cost creates extraordinary opportunities in every field and industry for entrepreneurs and venture capitalists to corporate strategists and R&D heads. In these pages you'll discover how transaction cost economics can work for you in chapters that include: Why Do Other People Come Up with All the Brilliant Ideas? The 8 Major Categories of Transaction Costs; Makers of Products Need to Transform them into Services; Why Are Transaction Costs Falling Rapidly Right Now? The Trifecta of Accelerators; Idle Assets; the IoT and Marginal Cost Pricing.
